

# Eagles, Longhorns Get Nod In District 2-AA

Prospects look good for the Canyon Eagles this year.

Coach Jeep Webb admits it. And when a coach admits it, you had better believe that prospects look good.

First practice will be held Monday.

The Eagles will play in a revamped district which embraces Abernathy, Floydada, Lockney and Tulla. Every school in the district, with the possible exception of Tulla, has a football history which would sober any opponent.

Kids in this year's District 2-AA just like to play football and they like to win.

Lockney and Canyon are top seeded in the district. They were picked to win by a poll of high school coaches.

Floydada, coached by Bill Curry, is the defending cham-

ion. His assistant is Bill Carmack.

JEEP WEBB

Lockney has 16 lettermen back this year with 8 starters.

The Eagles will have 8 lettermen returning and among these will be three starters.

The starters coming back will be Tim White, a tackle; Harry Lisle, halfback; and Davis Price, quarterback.

Price is a veteran quarterback weighing in at 170 pounds. This will be his third year as an Eagle field general.

Coach Webb says young Price has a lot between the ears and should turn in a creditable job this season in signal calling. He is a senior this year and has picked up a little speed since last year. Also, he passes the ball a lot better, according to Coach Webb.

Lisle is the only man on the Eagle eleven who could be classed as a speedster. Lisle ran the 100 yard dash last track season in about 10:02 in a track

suit. This probably would be a much better time than he can be expected to do in football togs.

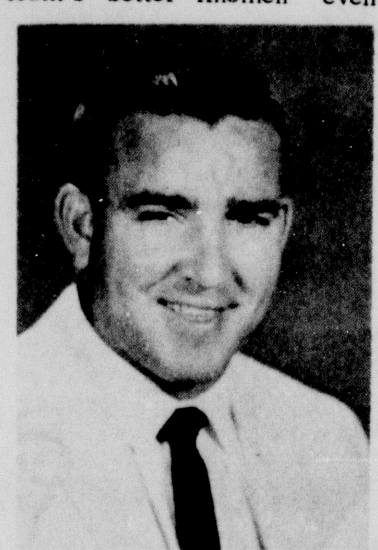

However, Lisle is a veteran and he ripped off some of Canyon's best runs last year. He weighs in at about 144 pounds and may have lost a little weight.

Webb says he expects some fine things from Lisle this year.

White tips the scales at about 200 pounds and his heft will do a lot to bolster the Canyon forward wall. He has lettered two years up to now and was a starter for the Eagles both years.

Other lettermen returning include Eddie Poole, junior, end; Ronnie Brock, senior, guard; John Stritzel, center, junior; and Bill Phillips, senior, Don Breitling, junior, in the backfield.

Webb said Brock is one of the team's better linemen even

CHARLIE CHAMBLESS

though he is small, at 146 pounds. "We expect a lot from

him," the coach declared.

Breitling is a fine defensive quarterback. He weighs 155 pounds and plays inside line-backer.

Webb reeled off names of more than a dozen youngsters expected to fortify the Eagle chances at district laurels.

These include Jim Whinnery, Stanley Prichard, Preston Prichard, Gerald Vance, Julian Berry, Robert Hutton, Johnny Gressett, Robert Hamm, Bill Jarnagin, Danny O'Donald, Bob Begert, Joe Kerbel, Jodie Sheets, Wayne Collins, Wilson Howard, David Yarbrough and Bobby Evans.

The Prichard boys weigh about 200 pounds each and will

help out in the line. The Howard lad is showing some speed that could develop Eagle touchdowns in a clutch.

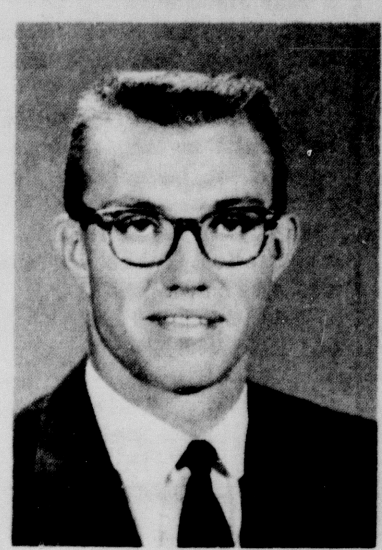

The Eagles will deploy from a T formation with variations again this year.

The Dimmitt Bobcats, winners of bi-district last year, will visit Canyon Sept. 7 for the season opener. Other non-conference games include Hereford, Dalhart, Phillips, Sunray and Stinnett.

Charlie Chambless and Allen Simpson are assistant coaches.

Webb said a meeting to organize an Eagle Booster Club will be held at 8 o'clock Friday night at the high school cafeteria. It will be an organizational meeting and coaches will

discuss season prospects. Both men and women are in-

ALLEN SIMPSON

vited. Election of officers will be held.

## The Canyon News

VOL. 67 NO. 19

THURSDAY, AUGUST 16, 1962

CANYON, TEXAS

16 PAGES, IN 2 SECTIONS

10 CENTS

### Commission Has Routine Meeting Monday Night

Canyon city commission Monday night handled only routine business.

City manager Bill York reported that several cars on the Bruce Blackaby lot were accidentally sprayed with paint and tar.

The company which painted the water tower almost a block away and the firm which put down tar on an adjacent alley have been notified, York said.

A request for approval of a plat for Golden Ridge Addition was tabled until further information may be obtained from the developer in connection with alleys. The city engineer also will be consulted. Ray Downey of Amarillo is the developer.

Upon advice of the city health inspector, W.C. Stallings, request by John Bewley to keep 10 head of hogs inside the city limits was denied.

York reported that there now

are eight taps on the city's Umberger water main. He said prospective customers along that line have been warned that the water is raw and untreated and that the pressure often is low.

The city manager reported that progress is being made on mowing vacant lots.

He also asked for and received permission to request an easement from Canyon School District to lay a water line in front of the elementary school. The line will take water to the site of the new motel south of town. He explained that the alternative would be to cut the street in front of the school and lay it there.

Also, it was announced that tickets will be issued in the future to dog owners whose pets are in violation of the city's new animal ordinance. The tickets are very similar to ordinary traffic tickets.

### Capital Tour Scheduled

The third annual Hereford Capital Tour will be visiting the Walter Graham (Happy Hereford Ranch) Monday during their tour of seven area ranches.

A complimentary breakfast will be served at 6:30 a.m. at the Hereford Country Club. Immediately following the breakfast the group will travel by car caravan to the R.L. Cavanaugh Ranch.

A mid-morning snack will be served at the Walter Graham Ranch around 9:30 a.m. The noon meal will be at the Hereford High School cafeteria.

Other ranches to be visited are the Jack Renfro Ranches, the Howard Gault and Sons Ranch, Colby Conkright Ranch, the H.D. Robbins Ranch and the Dameron Hereford Ranch.

Nearly 500 persons were served two years ago at the Graham Ranch during the tour.

"Everyone interested in seeing some good cattle are welcome," said Mrs. Walter Graham.

## Farmers In Dark On Wheat Acreage

### Darnell Is Transferred

Bob Darnell, with the US Fish & Wildlife Service at Buffalo Lake, is being transferred to Havasu Lake Refuge at Parker, Ariz.

He and his family will move about Sept. 1. His successor has not been named.

Bob has been here since Dec. 1958, having been transferred to Canyon from the Muleshoe Refuge. Darnell is active in the Canyon Lions Club.

The Darnells have two children, Larry, who is in the seventh grade, and Peggy, who is a fifth grader.

### Wilkinson Improved

Condition of Bob Wilkinson was described as improved this week at Neblett Hospital.

Wilkinson was hurt Tuesday night of last week while playing softball. He collided with a team mate when both went after a fly ball.

### Meyer Gets Scholarship To Tech

Henry Meyer, 1962 graduate of Canyon High School, has received a \$300 Sears-Roebuck Scholarship in Agriculture for Texas Technological College this fall.

Meyer, son of Mr. and Mrs. Erwin H. Meyer, was awarded one of the nine scholarships given to freshmen agriculture students entering Tech. The scholarships are awarded on the basis of the students' scholastic average in high school, his rank in class, his record of activities and honors, and his need. College entrance test scores were also considered.

Meyer plans to do two years of Pre-Vet work at Tech and then transfer to Texas A&M with a major in Veterinary Medicine.

He has served as vice president of the Canyon FFA chapter and he was president of the Amarillo District FFA. He holds the Lone Star Farmer Degree, and last year he received

(See Meyers, page 2)

### Book Store To Open

Canyon's newest bookstore will open for business Monday, August 22, at 406 23rd Street, E.T. Cummings, owner, announced this week.

The Buffalo Book Store will be located on 23rd Street until the first of January. Permanent site for the store will be 2418 4th Ave.

Mrs. C.D. Schnack will be the manager and will be assisted by Pamela Richard, a Canyon High School graduate. Other student help includes Eddy Curry, Roy Fultz, and Bob Finicum, all West Texas State College students.

All books, new and used, will be arranged in alphabetical order according to courses.

"We put the store in because we felt that the college is getting large enough to handle two bookstores," Cummings said.

The book store will stock junior classics, general fiction, and non-fiction, college supplies, and text books needed by the college students.

"We will handle school supplies for the college and the public school students," Cummings commented.

"In addition to the school books and supplies we will handle films and developing service," he said.

Land is in good shape after

### Area Growers Must Play Guessing Game

How much wheat can a Randall County farmer plant?

The farmer doesn't know. The Randall County ASC office doesn't know.

Farmers are of the general opinion that it is time to get wheat land ready now for sowing to be done the latter part of this month or early in September.

No wheat acreage allotments have yet been announced by governmental agencies.

"I wish I knew" was the answer given this week by Paul Read, Randall County ASC office manager. "I don't know what's going on," he continued. "I know they (the Department of Agriculture) will hold off as long as they can."

Read said his office here is operating on the assumption that allotments will be announced by the time of the wheat referendum vote which is to be held by Aug. 30.

Elevator men and farmers alike have expressed concern about the tardiness of announcing acreages to be meted out to Randall wheat farmers.

Land is in good shape after

considerable moisture and ready for the plow. Also, it is time for fertilizing of wheat ground before planting the crop.

Most farmers will take a chance and plant the same acreage as they planted last year. If by so doing a farmer is overplanted he either must plow up

(See Farmers, page 2)

### Hinders Holstein Hits High

A registered Holstein cow owned by Louis G. Hinders, Canyon, has shattered an all-time Texas butterfat record in the official Herd Testing programs of The Holstein-Friesian Association of America.

The national Holstein organization reports that Palo Duro Pica Mistress 4778816 (GP) established a new high for Junior 2-year-olds milked three times daily.

(See Hinders, page 2)

## WTSC Budget Requests Presented At Meeting

Budget requests of West Texas State College and the Panhandle-Plains Historical Museum for the 1963-64 biennium were reviewed here Tuesday in hearings before representatives of state budget offices, Texas Commission on Higher Education, and the Board of Regents of Texas State Teachers Colleges.

Dr. James P. Cornette, president of WT, said that the college will request a general revenue appropriation of \$1,994,121.

### Heat Soars, Rain Falls

Temperatures ranged in the high 90's last week with the high Thursday and Friday of 99 degrees.

The temperature fell Saturday to 92 but rose Sunday to 95.

Early morning rains hit the Canyon area Monday dumping between 1 1/2 and 2 1/2 inches in Canyon and surrounding areas.

Dr. M.B. Measamer recorded 1.60 Monday morning making a total for the month of August 1.70.

for the 1963-64 fiscal year, and \$2,063,335 for 1964-65.

The present year's appropriation for WT is \$1,534,024. An increase of about \$265,000 is requested in the budget for additional instructional salaries.

The museum is requesting the same amount for the two years, a total of \$34,380. This year's budget was for \$37,380, with \$3,000 marked for major repairs.

Present for the hearings were James M. Cotten of Weatherford, chairman of the House Appropriations Committee; Emil Rasmussen of Midland, member of the Board of Regents; John Hovenga, executive director of the Board of Regents; Joe Moore, finance examiner for the Texas Commission on Higher Education; Ray Fowler, assistant finance examiner of the commission.

Tom Keel, budget director of the Legislative Budget Board; John Mayfield, budget examiner of the Governor's Executive Budget Office; C. Boone McClure, Jack Taylor, J. Everts Haley, and Harold Bugbee, all representing the Panhandle-Plains Historical Society; Dr.

Cornette, Virgil Henson, business manager, and Dr. Walter H. Juniper, dean, representing WT.

### Controls Installed

Emergency controls on downtown intersection traffic lights have been installed in order to give emergency vehicle clearance through traffic when necessary.

The controls were installed and will be maintained at city expense. The switch is located in the dispatcher's office at the Randall County Sheriff's Office.

Lights will be manipulated in a manner to give emergency vehicles right of way through the lights. City Manager Bill York pointed out that a fire truck was involved in a minor accident at a downtown intersection some time ago.

Installing the controls entailed laying 140 feet of cable underground. It was necessary to tunnel under a sidewalk. The controls are tied to the sheriff's office by telephone cable.

### Fate of \$300,000 Project To Be Decided

## Happy Bond Vote Set

Voters of Happy Independent School District will go to the polls Saturday to ballot on a \$300,000 bond issue.

Polls open at Happy city hall at 8 o'clock Saturday morning and will close at 7 o'clock Saturday night. Copus Boyd is election judge.

A public meeting was held Tuesday night to discuss the bond issue.

Morland McManigal, school board president, said plans call for remodeling of the high school building, agricultural building and additional work on the gymnasium.

The bond election follows a recommendation made to the school board earlier this year by an 18 member citizens committee. In addition to the committee's recommendation, a petition bearing the names of 54 school patrons has been presented to the board calling for a bond election.

"We have practiced strict economy in the operation of our school system for the past several years and now the time has come when we must modernize and expand our facilities if we are to provide the students a higher standard in the educational field," McManigal stated.

Other recommendations made by the citizens committee are being translated into definite plans by the school administration. An expanded curriculum is being studied.

The present film room and library are to be converted into a physical education department.

A professional evaluation of taxable property has already been completed showing property values in excess of ten million dollars.

Present bonded indebtedness amounts to 2-1/2% of this amount. The district can assume the proposed bond issue and still remain well below the state average for bonded indebtedness in relation to total value.

Construction schedule calls for completion of the building program in time for occupancy in September 1963. During construction the cafeteria will be

housed in the present ag building.

The architectural firm of Rittenberry, Rittenberry and Associates of Amarillo has been retained. In addition to McManigal, other members of the school board are H.E. Maynard, D.L. Allison, Clifford Stevens, Foster Harman, John Toles, and Eugene Sims. Sam Bryan is school superintendent.

Looking over plans for improvements to Happy Schools are from left, Bob Dowd, member of the citizens committee which recently studied school needs; Sam Bryan, school superintendent;

and Morland McManigal, president of the board of education. Happy voters will ballot Saturday on a bond issue to finance the improvements.

## The Canyon News

The Canyon News, founded in 1896, is an independent newspaper dedicated to the best interests of the community, state and nation.

A subscription is \$3.00 a year in Randall County and \$5.00 a year elsewhere.

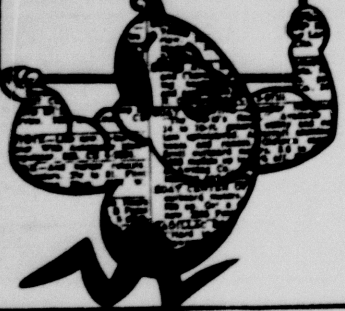

The Canyon News is published weekly at its offices, 412 15th Street, Canyon, Texas. Second class postage is paid in Canyon.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of this newspaper will be corrected upon being brought to the attention of the editor.

The Canyon News is a member of the Panhandle Press Association, Texas Press Association and National Editorial Association.

(Continued from page 1)

the excess acreage or be in violation.

Read said acreages usually are announced in July. Tardiness seems to be a characteristic of the present secretary of agriculture.

Last year the announcement of allotments came on Aug. 24. Read was sympathetic with the farmer's predicament.

"Wheat planting time is about here and these people need to know how much wheat they're going to get," he declared. He said the secretary releases wheat allotments to the county offices over the state and then the farmer learns from his county office how much wheat he will be permitted by the government to plant.

"They're (USDA) putting quite a strain on us," Read declared.

Last year county wheat farmers were allowed 131,642 acres, Read reported.

Read said the local ASC office now is in process of figuring compensation checks for farmers who voluntarily reduced wheat acreage last year. Similar checks will be figured next week for grain sorghum.

Classified ads in The Canyon News get fast results.

Mr. and Mrs. Chuck Gorton and son, Jeff, of Amarillo were weekend visitors in the home of her parents, Mr. and Mrs. W.M. Higdon and Dorothy.

Mr. and Mrs. Grover Carver were recent visitors in the home of Mr. and Mrs. Ray Welch. Carver is a brother of Mrs. Welch.

Mrs. Nina White is in California where she will visit with relatives. She will be away about three weeks.

Guests in the home of Mr. and Mrs. J.W. Kleinschmidt are their daughter, Mrs. Don Didier and sons, Chris and Paul, from Ventura, Calif.

### Coopers Remain Top In League

Coopers Market remained in first place standing this week in the men's softball league with five wins and no losses.

In a Monday night game Allisons pitched Coopers to a 15-2 victory over Wagners Shamrock. Wagner was losing pitcher.

Western Auto climbed to second place with a victory over Taylor and Sons last Wednesday. Byerly as winning pitcher led Western Auto to a 27-5 triumph over Taylor. Beckman was losing pitcher.

Other play last week found Bellahs leading Wagner Shamrock 20-17. This was Wagners first loss. Curtsinger was winning pitcher and Lee was losing pitcher.

Bellahs won another game over the Jaycees last Wednesday. Steinberger pitched Bellahs to a 15-10 victory. Richard Pruett was losing pitcher.

M.E. Moses beat the Jaycees 12-1 with LaFollette as winning pitcher and Atchley as losing pitcher.

In the first game Monday night M.E. Moses beat Buffalo Barbers 18-2. Bob Shields pitched for Moses and Stephens was losing pitcher.

George Stevens and Orville Hicks are umpires for the softball games.

Team standing as of August 14, 1962:

Coopers Market	5-0
Western Auto	4-1
Wagner Shamrock	3-2
M.E. Moses	3-2
Bellahs	3-2
Buffalo Barbers	3-2
Jaycees	0-5
Taylor and Sons	0-4

Mrs. Anna Sterling of Snyder is here for a visit in the home of Mr. and Mrs. E.T. Cummings. Mrs. Sterling is Mrs. Cummings' mother.

Mrs. J.R. Brewster of Oklahoma City was a recent guest in the home of Mr. and Mrs. O.B. Vaughan. Mrs. Brewster and Mrs. Vaughan are sisters.

Mr. and Mrs. T.E. Russell of Panhandle were Sunday visitors in the home of Mr. and Mrs. Ray Fullerton. Russell is a brother of Mrs. Fullerton.

Mr. and Mrs. Eddie Lehnick of Panhandle visited during the weekend in the home of Mr. and Mrs. Ray Fullerton. Lehnick, the son of Mrs. Fullerton, had attended a coaching school at Lubbock. He is coach at Panhandle High School.

## Fall Semester To Open At WT In Mid-September

Fall semester activities open Sept. 15 at West Texas State College, when nearly 3,000 students are expected to begin arriving on the campus to begin the 1962-63 session.

Because the Buffaloes open their '62 campaign a little early this year--prior to registration--dormitories will be open Sept. 15 for students who wish to attend the WT-Trinity University football game.

### Hinders...

(Continued from page 1)

Her official 365-day production totalled 23,383 lbs. of milk and 880 lbs. of butterfat. Weighing and testing were supervised by Texas A & M College working in close cooperation with the national Holstein organization.

Palo Duro Pica Mistress was bred by her present owner. She is a daughter of Unsed Pica Prince 1121706 (VG) -- a Gold Medal Sire.

The new record was made under the rules of Herd Improvement Registry -- one of two herd-testing programs conducted by the Holstein Association. The second program is known as Dairy Herd Improvement Registry.

The two testing plans have a combined enrollment of nearly 127,000 registered Holstein cows in nearly 3,150 herds.

Mr. and Mrs. Don Cheyne and children, Beverly and Bobby, of Lubbock are spending the week visiting in the home of her mother, Mrs. Zula Usery.

Mrs. J.H. Green and daughter, Deana, of Fresno, Calif., have returned to their home after a visit here with Mrs. Green's mother, Mrs. W.T. Haley, and with her sister, Mrs. C.L. Wilson.

WT faculty members will meet at 8 a.m. Sept. 15 at the cafeteria for the annual fall breakfast and business session.

Freshman orientation opens Sept. 17 at 8 a.m. in the Administration Building auditorium, with freshman counseling slated for Monday afternoon and Tuesday morning.

Registration for evening class students only is scheduled Sept. 18 at 7 p.m. in the Student Union Building.

Freshmen are scheduled to begin registration Sept. 19, and to meet for a second orientation session Sept. 20 at 8 a.m., a third session the same day at 4 p.m., and a fourth session Sept. 21.

Sophomores and upperclassmen, along with graduate students, will begin registering Sept. 20 and continuing Sept. 21. Classes will begin Sept. 24.

### High School Registration

August 28 & 29, 1962

Two days will be devoted to the registration of Canyon High School Students for the 1962-63 term. Students will report to the high school Commons for their first instructions. Instruction will be explained in the high school auditorium and then the various phases of the registration procedure will be followed through.

Seniors will register from 9:00 a.m. to 12:00 noon on August 28.

Juniors from 1:30 to 4:30 p.m. on August 28.

Sophomores from 9:00 a.m. to 12:00 noon on August 29.

Freshmen from 1:30 to 4:30 p.m. on August 29.

Classes will meet for the first day of regular school work on Thursday, August 30. Full periods of instruction will be given on this day and lunch will be served in the school cafeteria at the noon period.

A Student Activity Fee of \$1.25 is to be paid by each student on the day he registers. This is the only fee required on the day of registration except for those students who have Past Due Accounts from the 1961-62 term. These are to be paid prior to registration.

Students who have moved into the Canyon District and who have not come to the Principal's Office for a conference in regard to his schedule for this year, should call the Principal's Office, OLS-3923, at once.

We are expecting the largest enrollment this fall that we have ever had.

## WT Reading Conference Closes Today

Final day's sessions of the tenth annual Reading Conference are scheduled today for more than 450 area teachers on the campus of West Texas State College. The morning general assembly starts at 8:45 in the Ballroom of the Student Union Building.

Presiding for the meeting will be Mrs. Hazel Strickland of Odessa, vice president of the Texas Association for the Improvement of Reading, sponsor of the WT conference. Invocation will be given by Joe A. Gibson, superintendent of Canyon public schools.

Dr. Helen A. Murphy, director of the Educational Clinic at Boston University, will talk on "Oral and Silent Reading." Second talk of the morning, "Sense and Nonsense about Phonics," will be given by Dr. Emory Bliesmer, director of the McGuffey Reading Clinic at the University of Virginia.

Section meetings, divided by grades and on the junior and senior high school levels, are slated at 11 a.m.

A luncheon meeting in the west side of the cafeteria is slated to open at 1 p.m. Mrs. ples Harter, president of the Texas Panhandle Heritage Foundation, will talk on "The Symphonic Drama," and Miss Loula Grace Erdman will speak on "A Book and a Life."

Final Business will be conducted by Miss Trula Maud Jettison of Lubbock, president of TAIR.

Mr. and Mrs. Ted Kelly and Mr. and Mrs. E.H. Wright spent last weekend at Red River and Taos, New Mexico.

YOU'RE IN THE ARMY NOW

'AS KP IT'S PART OF YOUR DUTY TO TEST THE STEW!'

# Shakespeare Play Will Be Presented At BIT

In observance of the Texas Shakespeare Festival and concluding the summer theatre season for the Palo Duro Players at West Texas State College, one of Shakespeare's best known comedies, "Much Ado About Nothing," will be presented Friday and Saturday nights in the Branding Iron Theatre.

The production, featuring a cast ranging from a five-year-old boy (who appears as a page) through graduate students will be directed by William A. and Margaret Echols Moore. Curtain-time each night will be 8:15 p.m., and admission is \$1 for adults and 50 cents for children.

The Festival was organized in 1960 to develop an understanding and appreciation of Shakespeare's plays by produc-

ing them on stage, according to Moore. Last year's show was "Twelfth Night."

One of Shakespeare's "wrong impression" plots, "Much Ado About Nothing" is set in Messina, with two sets of lovers becoming embroiled in schemes by more-than-interested third parties seeking to be of assistance in their suits.

Benedick and Beatrice, Claudio and Hero, are the two sets of lovers, and they are played by Cal Foster of Amarillo and Sara Carr of Santa Fe, and Guy Paul Yates of Amarillo and Mary Lou Olson of Canyon.

Don Pedro, the prince of Arragon, is portrayed by J. Scott Glenn of Borger, and Leonato, governor of Messina, is played by Carroll Killingsworth of Wheeler. Killingsworth's young son, Russell, appears as the page.

Others in the cast include Harry Gilstrap of Amarillo as Don John, Gene Murry of Canyon as Antonio, Mel Harp of Sweetwater as Balthazar, Bob Haggard and Mike Wheeler of Canyon as Conrade and Bor-

achio, villains who follow Don John, Mac Strother of Dimmitt as Friar Francis, Dwayne Smith of Pampa as Dogberry, Larry Baker of Amarillo as the sexton, and Judy Haney of Andrews and Lydia Miller of Fort Worth as Margaret and Ursula, companions to Hero and Beatrice.

When Claudio expresses his love for Hero, Don Pedro offers to impersonate the young man and pursue his suit for the young woman. The plot is overheard by both a misunderstanding servant, who relates the event to the uncle of Hero, Leonato, and by Don John, who sees an opportunity for mischief.

Climaxing a series of misunderstandings, which lead almost to duels, "Much Ado About Nothing" ends on a happy note in a typical Shakespearean situation.

Mrs. Florence Henson is visiting in the home of her son and his family, Mr. and Mrs. Nolan Henson and children. Mrs. Henson is from Oklahoma City and will be here for about ten days.

Miss Lila Lill visited with friends in Canyon Sunday. A Teacher in the Baytown schools, Miss Lill is spending the summer with her parents, Mr. and Mrs. John Lill, in Amarillo. They are former residents of this city.

Mr. and Mrs. Jack McManigal of Odessa were in Canyon to attend the McManigal family reunion and to visit with other relatives over the weekend.

Charlie Dee Money of Portales, New Mexico, is visiting in the home of Mr. and Mrs. Edell Money and Tammy, with other relatives in Canyon this week.

Mr. and Mrs. Frank Steen and children of Sundown arrived this week for a visit in Canyon with his mother, Mrs. Jennie Steen.

## Canyon Church Slates Revival

Canyon residents are invited to attend services at the Assembly of God Church, Friday, Saturday and Sunday and to hear Warren Litzman when he conducts his revival campaign.

Rev. A.J. Pettit, pastor, describes the minister as the modern-day apostle of Pentecost.

Services are scheduled to begin at 7:30 each evening, and the Sunday morning worship will be held at 11 o'clock.

Mrs. Glen C. Carter, Tulia, surgery.

Mrs. A. Louie Griffin, Amarillo, medical.

Beatrice Kay Lumpkin, Hap-

py, surgery.

Cecelia Ann Lumpkin, Hap-

py, surgery.

Karen Sue Thompson, Canyon, surgery.

BIRTHS

Mr. and Mrs. Eugene E. Pod-

zemny, Canyon, baby boy born August 8, 1962.

Mr. and Mrs. Albert Sidney King, Canyon, baby girl born August 9, 1962.

Mr. and Mrs. Bernard Paul Hartman, Canyon, baby girl born August 11, 1962.

## Pictures To Be Made Saturday

James E. Miller, Canyon high school principal, announced that this is the last week for freshmen, sophomores and juniors to have their annual pictures made before school starts.

He urged all students in each of these classifications, who have not already had their pictures made this summer, to report to Britain's Studio by Saturday of this week.

Senior pictures are to be made in the High School auditorium Thursday and Friday of this week. Seniors are to report to have their pictures made at the time scheduled for them as indicated in a letter which was recently sent out to each of them.

# NEW COMFORT NEW 50-GAL. FUEL TANK NEW CASE 930 "COMFORT KING"

You know the 6-plow Case 930 tractor for its championship fuel economy... record low maintenance... brute lugging power. Now meet a new and still greater 930... the Case 930 Comfort King.

On the Comfort King's big, roomy, uncluttered platform, you're high above the dust and heat zone... with "control tower" visibility that gives you a new feeling of tractor command.

A new foam-cushion seat, located ahead of the rear axle, gives you a smoother ride. Whether you're short or tall, lean or beefy, the seat adjusts to you... with all controls in easy reach. When you want to stand, the seat flips up and back, well clear of your legs.

The Comfort King has a new 50-gallon fuel tank too... rear-mounted to improve both visibility and traction. When can we bring out a Case 930 Comfort King for a demonstration?

# Hoover-Miller Vows Are Said In Double Ring Ceremony

MRS. ROBERT ALLEN MILLER

Miss Carolyn Hoover became the bride of Robert Allen Miller when they exchanged vows in a ceremony performed August 4, at 7 o'clock in the evening in the Joseph A. Hill Chapel with the Rev. Arthur M. Brewer of Lubbock officiating. The bride is a daughter of Mr. and Mrs. O.B. Hoover of Newlin, and the bridegroom is a son of Mrs. N.R. Miller of Dawn and the late Mr. Miller.

The double ring rites were read before an altar flanked with baskets of white gladioli.

The traditional wedding marches were played by Miss Diane Moore, Clarendon, at the organ. Mrs. James Dunn sang, "I Love Thee", and "Because", before the ceremony, and during the vows she sang, "Wedding Prayer", as the couple knelt before the altar.

Escorted to the altar and given in marriage by her father, the bride chose for her wedding a formal-length gown of Chantilly lace over satin with a scalloped bateau neckline and long tapered sleeves. Satin formed a front panel in a princess effect for the skirt. The fingertip veil of illusion was attached to a tiara of pearls and iridescent sequins. She carried a bouquet of white roses in a shower of stephanotis, topped with a white heirloom Bible. Matron of honor was Mrs. Gayle Morrison, Dallas, and bridesmaids were Misses Jerrie Moore, Wheeler; Patricia Fawbush, Canyon and Patricia Dealy, Amarillo. The attendants wore identical dresses of orchid pima mist over taffeta, fashioned with scalloped necklines and princess skirts. They wore matching headbands and carried nosegays of white carnations.

Lighting the candles were Misses Lynnette and Chalones Hoover, sisters of the bride. Serving the bridegroom as best man was his brother, Billy Miller. Groomsmen were the Rev. Charles Davenport, Dawn; Henry Webb and Robert Clements, Canyon. Ringbearer was Guy Lynn Nelson, cousin of the bride.

Ushers were Jerry McFerrin, Canyon, and Bill Wimberly, Dawn.

For her daughter's wedding, the bride's mother was attired in a silk suit of navy with blue and white accessories, and the

## Twin Babies Are Born

Mr. and Mrs. Clay Kemper Perkins are the parents of twin babies, a boy and a girl, born Thursday, The Perkins reside in Green Valley, Calif. Mrs. Perkins is the former Dorothy Elizabeth Neblett.

Her mother, Mrs. R.A. Neblett, left Saturday for California to visit with the Perkins and her grandchildren.

Great-grandmother is Mrs. C.R. Burrow of Canyon.

bridegroom's mother wore a two-piece dress with black and white accessories. Their corsages were of white carnations.

Following the wedding a reception was held in the Baptist Student Center. Miss Patsy Jarrell, Memphis, registered the guests, and Misses Lucy Beth and Gail Miller, sisters of the bridegroom, served the cake and punch.

For the short wedding trip, the bride wore a black and white checked suit with white accessories and a corsage from her bridal bouquet.

Mr. and Mrs. Miller are at home in White Deer where she will teach English in the White Deer Public Schools during the next term. He is serving as music director of the First Baptist Church, White Deer.

The bride is a 1962 graduate of West Texas State College

## Garden Club Has Picnic

Canyon Garden Club members were entertained with their annual picnic Thursday evening in Conner Park. A short business session was conducted.

Present were Mr. and Mrs. Mark Foster, Mr. and Mrs. Paul Rogers, Mr. and Mrs. E.K. Snider, Col. and Mrs. D.J. Kievit, Mr. and Mrs. Joe Frank, Mesdames Jeannette Robbins, Hud Prichard, Bill Downing, Mary Parker and Mary Bonnie.

Mrs. Mae Johnson is a new member, and visitors were Phyllis Bonnie and Bobby Brotherton.

## Women Present Program

Mrs. L.H. Brotherton, vice-president, presented the program when the Women's Society of Christian Service met Tuesday, Aug. 7, in the parlor of the Methodist Church for the general meeting. A short business session was held.

The announcement was made that the W.S.C.S. would be in charge of the morning worship service, Sunday, Sept. 26, with Mrs. Craig Johnson as speaker.

Mrs. Glenn Gardner began the program with the devotional, reading Psalm 104. A prayer of confession was read by the group from the hymnal, and group singing was directed.

Mrs. Brotherton emphasized the purpose of the Sixth Assembly meeting in May at Atlantic City, telling its nature and mission.

The next general meeting will be a luncheon, Sept. 11. Each member is requested to bring a guest to hear Mrs. Omar Hermesmyer of Amarillo as guest speaker.

where she was a member of Mu Phi Epsilon and Alpha Chi. The bridegroom is a Senior student at West Texas State.

# Mary Phyllis Beckman Becomes Bride Of Melvin H. Przilas

MRS. MELVIN H. PRZILAS

Before an altar decorated with arrangements of white gladioli, Miss Mary Phyllis Beckman and Melvin H. Przilas were married at 4 o'clock in the afternoon, August 15, in St. Mary's Catholic Church in Umbarger. The Rt. Rev. Monsignor W.F. Bosen officiated at the double ring rites.

The bride is a daughter of Mr. and Mrs. Charles J. Beckman, and the bridegroom is a son of Mr. and Mrs. Otto Przilas, all of Umbarger.

Organist was Mrs. Darrell Hershey, and vocal selections were provided by the church choir.

Given in marriage by her father, the bride chose a floor-length sheath of Brussel's lace, with a detachable train of French organza, which was

completed in the front with a sweetheart bow. The bride's cascade bouquet was an orchid encircled with stephanotis, and her bouffant finger-tip veil was of bridal illusion, and was attached to a headband of orange blossoms which was worn by her grandmother at her wedding.

Matron of honor was Mrs. Jesse Jones, and bridesmaids were Misses Peggy Abrecht, Bernice Przilas, Mimi Martinez and Ellen Frances Jones. The attendants were attired in frocks of dusty rose lace with white accessories, and their bouquets were of white and dusty rose carnations.

Serving the bridegroom as best man was Oscar Przilas, and groomsmen were John Beckman, Gerald Beckman,

Kenneth Schwartz and Ernest Schwartz. Ushers were Jesse Jones and Herbert Woehl.

Parish Hall was the scene for the wedding reception which was held immediately following the ceremony.

For the wedding trip to Red River, New Mexico, the bride wore a two-piece multicolored suit of homespun with green accessories. For her corsage she wore the orchid from the bridal bouquet.

Mr. and Mrs. Przilas will be at home near Tucumcari, New Mexico, where he will be engaged in farming. He received his education in the Umbarger Schools, and the bride attended Our Lady of the Lake, San Antonio, and West Texas State College.

## News, Features For The Women

### Local Garden Club Sponsors Flower Arranging Workshop

Thursday afternoon, August 23, the Canyon Garden Club is sponsoring a Flower Arranging Workshop which will be held in the basement of the Methodist Church. Time of the workshop will be from 1 until 5 p.m. K. E. Hines is president of the local club, and Mrs. J.E. Parsons of Fort Worth will conduct the activities.

Mrs. Parsons comes to Canyon well qualified as a floral designer. She will stress ar-

rangements which may be entered for flower shows, and she has had much experience in decorations for parties and weddings.

The workshop is open to every interested person in the area. A fee of \$1 will be the price of admission. Flowers and vases will be available at the workshop, however, anyone who wishes may bring their own.

Mrs. Joe Frank is chairman of the committee in charge of planning the workshop, and she will be assisted by Mrs. Bill Downing and Mrs. K.E. Hines.

### Three Girls Compete In District 4-H

Nineteen girl 4-H records have been turned in to Sally Fields, Randall County Home Demonstration Agent.

Miss Fields will choose the winners of the county medals to be given on the basis of an achievement program. Girls over 14 years old have an opportunity to compete in the district record program.

Those girls entered in the district contest are Lucy Tuck of the West Side 4-H Club, clothing division; Virginia Friemel of Umbarger, achievement division; and Brenda Thornburg of the South Amarillo 4-H Club, Santa Fe division.

The district reports must be in by August 24.

Miss Fields also said that the county reports may be picked up after September 1.

### Friends Invited To Open House

Mr. and Mrs. L.H. Owens will hold open house on Sunday afternoon, August 19, between the hours of 5 and 7 o'clock. All friends of the family are cordially invited to come by for a visit with them.

Here for the occasion will be the Owens children, Mr. and Mrs. Charles Owens and Vick, Wharton; Lt. James F. Owens, Naval Air Station, Jacksonville, Fla.; Mrs. Suzanne Tatman and Cindy, Albuquerque, N.M.; and Mr. and Mrs. Allen Winters of Canyon.

Miss Sally Fields, Randall County Home Demonstration Agent, will leave today for a two weeks vacation trip which will include Las Vegas, Nev. and California. She will be accompanied by Misses Sylvia Jones and Vona Jean Sears

# Garden Setting Forms Scene For Fawbush-Webb Nuptials

MRS. RALPH HENRY WEBB

Daisies and ivy decorated the garden setting which was the scene for the marriage of Miss Patricia Gaye Fawbush and Ralph Henry Webb, Dr. Strauss Atkinson, pastor, officiated at the double ring ceremony which was performed at 4 o'clock, Saturday afternoon, in the First Baptist Church.

The bride is the daughter of Col. and Mrs. Andrew Tyler Fawbush of 9120 S.W. 177th Terrace, Miami, Florida. The bridegroom is the son of Mrs. Muriel Webb, Tulsa, Okla., and C.G. Webb of Marysville, Calif.

Mrs. Bill O'Brien, organist, accompanied Mrs. James Dunn as she sang, the poem by Elizabeth Browning, "How Do I Love Thee", with music by Edouard

Linpe, and "At Dawning", Cadman. The prayer song was, "O Perfect Love", by Joseph Barnby.

Escorted and given in marriage by her father, the bride was gown in white silk organza over taffeta. The skirt, caught in folds in the back, fell into a short chapel train, and the paneled front was enhanced with appliques of lace, embroidered with seed pearls. The bridal veil, edged in lace, was attached to a crown of pearls and iridescents. Atop the white bible, the bride's bouquet was an arrangement of gardenias, stephanotis and ivy. Placed within the bible was a dainty handkerchief of white Belgian lace.

Maid of honor was Miss Ruby Jones, Trent, and bride's maids were Misses Phyllis Wallander, Wichita Falls, and Betty Helen Skinner, Paris, Texas. Bride's matrons were Mrs. Bobby Miller, White Deer, and Mrs. Jerry Day, McLean.

## Tuesday Supper Club Meets In Brown Home

Mr. and Mrs. M.B. Brown entertained members of the Tuesday Supper Club when they met in their home for the August party. Games of "88" were enjoyed by the group.

Present were Mr. and Mrs. Worth Jennings, Mr. and Mrs. Clay Cooper, Mr. and Mrs. W.M. Thompson, Mr. and Mrs. J.A. Edwards, Mr. and Mrs. Burney Slack, Mr. and Mrs. W.M. Higdon, Mr. and Mrs. Glenn Haynes, Mr. and Mrs. Bill Money, Mr. and Mrs. Brown, Mrs. Bill Downing and a guest, Mrs. Marguerite Allen.

## McKenzie Park Is Site For Reunion

Several Canyon families and former residents of this city attended the annual Furlow reunion which was held Sunday in McKenzie Park in Lubbock with 42 persons present for the occasion. The reunion is held the second Sunday in August each year by members of the Furlow family and guests from Nacogdoches County.

Included were Mr. and Mrs. T.S. Furlow of Tulsa; Mr. and Mrs. A.H. Furlow of Lamesa; R.T. Furlow and Mrs. Donnie Collins, Canyon; Mr. and Mrs. H.G. Whitcomb and Pamela, Crosbyton; Mr. and Mrs. S.E. Furlow, and children Odessa; Mr. and Mrs. A.B. Furlow and son, O'Donnell; Barry Kniffen, Amarillo; Mrs. Melba Childress and Clay, Lamesa; Portia and Jack Tillinghast, Lubbock.

Mr. and Mrs. M.L. Bewley, Tulsa; Mr. and Mrs. Welton Blair, Lamesa; Mr. and Mrs. Roy Archer and sons, Seminole; Mr. and Mrs. Roger Carlton and son, Denton; Mary Montgomery, Lubbock; Mr. and Mrs. James Montgomery, Tulsa; Mrs. Chester Harris, Lubbock, and J.A. Barnett, Corona, Calif.

## Canyon Study Club Holds Party

The Canyon Study Club held its summer couple's party in the home of Mr. and Mrs. Dick Dawdy, 2509 13th Avenue, Friday night.

Baked ham and beans were served along with salads, cake and coffee brought by the guests. The affair was held in the backyard of the Dawdy's home, and light was provided by hurricane lamps.

Recreation for the occasion was "Crazy Bridge", which was played in the game room.

Mesdames Walter Cranmer, Tom Wright and Glen Howard were in charge of the arrangements and entertainment.

Present were Messrs. and Mmes. Roy Forehand, Charles Brasher, Floyd Langford, Roland O'Donald, Bill York, David Lipscomb, Mark Askew, Dawdy, Cranmer, Wright, Howard and Mrs. Gordon Williams.

## Coffee Honors Canyon Visitor

Guest of honor for a coffee given recently in the home of Mrs. R.A. Neblett was Mrs. Don Didier of Ventura, California. Co-hostess with Mrs. Neblett was Mrs. T.H. Knighton. Mrs. Didier, the former Jean Kleinschmidt, is in Canyon to visit with her parents, Mrs. and Mrs. J.W. Kleinschmidt.

The entertaining rooms were decorated with arrangements of dahlias and seasonal garden flowers. Mrs. Neblett and Mrs. Didier received the guests at the door.

Mrs. Clarence Thompson presided at the coffee service. More than fifty guests called.

The attendants were all attired in peacock blue silk-rayon sheath dresses with matching silk organza overskirts. They carried cascade bouquets of daisies and ivy.

Best man was Jerry Day of McLean, and Joe Voorhies, Oklahoma City, Tae Kim, North Korea, Andy Fawbush, Miami, Fla., and James Dunn, Canyon, served as groomsmen. Ushers were Gregory Fawbush, Bobby Miller, Richard Carter and Dale Henry.

A reception was held following the ceremony in Fellowship Hall of the church.

After the wedding trip to Colorado, Mr. and Mrs. Webb will be at home at 4405 Stanley, Fort Worth 15.

The bride was graduated from West Texas State College, May 1962, with a Bachelor of Science degree, and was an officer in the Baptist Student Union. She attended high school in London, England, and will teach fifth grade in B.H. Carroll elementary school in Fort Worth, this fall.

The bridegroom received a B.S. degree from West Texas State in 1960, where he was affiliated with Alpha Chi, Baptist Student Union, and Who's Who in American Colleges and Universities. During the past year he taught seventh grade science in Stanton Junior High, Hereford, and directed the music at the Dawn Baptist Church. He will enter the Southwestern Baptist Theological Seminary, Fort Worth, this fall.

Out-of-town guests included Lt. and Mrs. Robert Cox, Colorado Springs; Dr. and Mrs. Jim Clark, Sayre, Okla.; C.B. Webb, Marysville, Calif.; Mrs. Muriel Webb, Tulsa, Okla.; Col. and Mrs. Andrew Tyler Fawbush, Andy and Gregory, Miami, Fla.

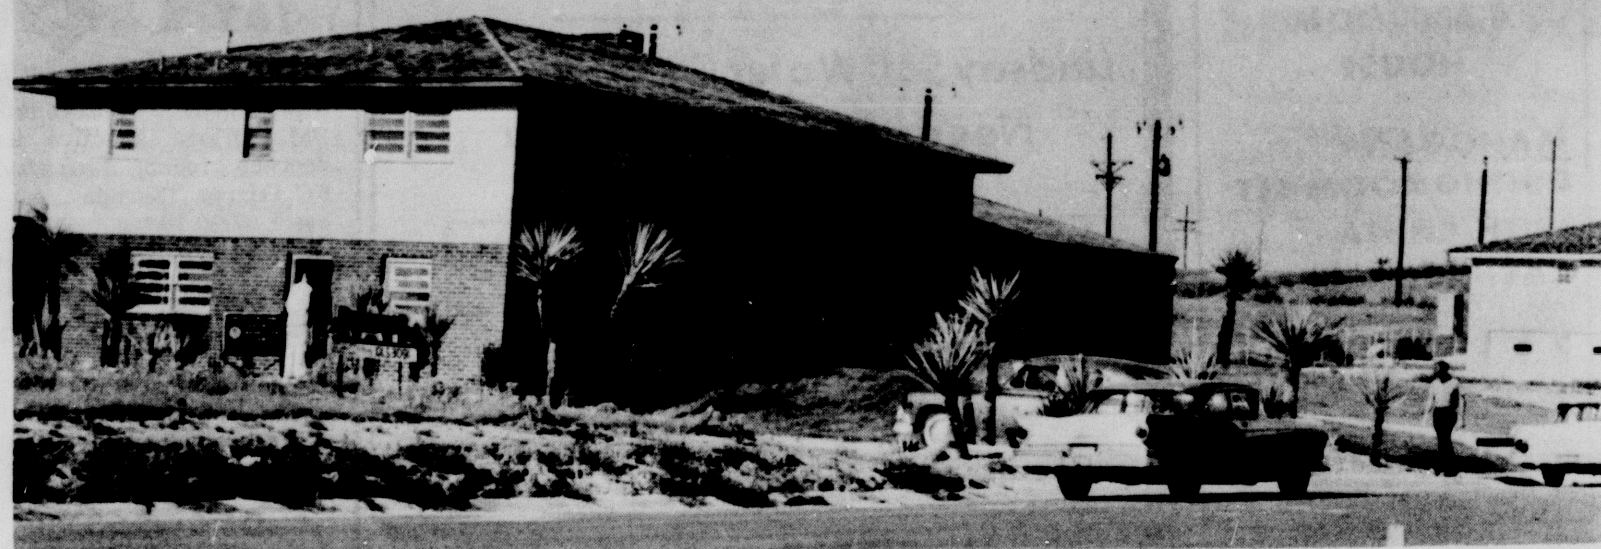

## Capers Club Holds Dance Monday

Six sets of dancers were present Monday evening when the Canyon Capers met in the Student Union Building on the campus at West Texas State College. Dusty Randall called the dances and provided the music.

Out-of-town guests were Scotty Scott, Bill and Joyce Braswell, Sonny Wolfe, Steve Roberts, Bob and Jennie Shepard, Amarillo; Gordon and Wanda Moore, Jeanie and Cowboy Johnson, Junior and Wilma Spier, Clarendon, and C.W. Wright, Plainview.

Mrs. Lester Packer and children of Berkeley, Calif., are visiting in the home of her parents, Mr. and Mrs. Walter Graham. Dr. Packer will join them Sunday, and he and Mrs. Packer will leave Aug. 22 for a tour of Europe. They will return Sept. 22. The children, David and Anna, will remain with the Grahams while their parents are away.

This is one of the many palatial homes being completed in Hunsley Hills just north of Canyon. The housing development is a part of a multi-million dollar development being made

here by Arch Hunsley. The public will get a close up view of the houses and the development when open house is held there soon.

## News, Features, Pictures Wanted For Women's Pages

The Canyon News wants to know about your social and club activities.

Had a party . . . or planning one? Been somewhere . . . or going? Getting married . . . or having a coffee for a bride? Your club held a meeting -- or plan an outing? Had some out of town guests?

Those -- and similar items -- are wanted for "News and Features For The Women."

And don't forget, please, The News is equally interested in pictures.

Let us know -- as soon as possible before the publication date of each issue -- and we'll make arrangements to have the pictures taken.

Of course, the paper will accept suitable ones you might have.

Remember the deadline for news and pictures for "News and Features of Interest To Women" is 12 noon on the Tuesday preceding each issue, which is published Wednesday night for Thursday morning distribution.

Brief items may be given over the telephone, OL5-2141. Longer stories, should, preferably, be either mailed or delivered in person to The Canyon News office, on the west side of the square.

### MRS. WESTER ILL

Mrs. W.I. Wester is a patient in the Osteopathic Hospital in Amarillo where she was taken Monday when she became ill at her home here. She expects to leave the hospital and go to the home of her son, Randall Wester, 701 Prospect, Amarillo, one day this week.

Visiting with Mrs. Wester have been a son and his family, Mr. and Mrs. Jack Wester and daughter, Doris, and another son, Ira, all of Carlsbad, New Mexico.

## Boy Scouts Return From Week Outing

Twenty Explorer Scouts from Troop 66 and four adult leaders returned Sunday from a week-long campout at Lake Stewart, New Mexico.

"The boys fished and we built rafts and had our annual raft race," Oscar Hinger, scoutmaster, said.

The rafts were built with logs from dead trees and they were tied together with wire that they took with them.

"The weather was perfect. We had only one afternoon with rain. It rains most of the week usually," Hinger said.

## Piano Workshop Held In Amarillo

Several local piano teachers and students attended a one-day workshop Monday which was sponsored by the Tolzien Music Store and held in the Wolf-ling-Georgia Shopping Center, Amarillo, beginning at 9:15 that morning.

Miss Elvina Truman, concert pianist, of Princeton, N.J., directed the workshop. Miss Truman has appeared with the Amarillo Symphony Orchestra as a guest artist on two occasions.

Present from Canyon were Mrs. R.E. Barnard, Mrs. Ples Harper, Mrs. Herman Demus, Mrs. Harry Wheeler, Dorothy Higdon and Lynn Larson.

By Jamie Martin

## AROUND THE TOWN (With Kids)

Lynn Salmon has been on a trip to Lake Gibson in Oklahoma. He has been playing Little League baseball this summer and going on hikes. The 6th he and his den, Den 2, went to Thompson Park to ride the rides and then to eat watermelon.

Gene Vaughn Morrison has been playing baseball and helping his father at their filling station. He has also been playing with Robbie and David Carter.

Tommy Jo Johnson has been playing baseball, riding bikes, and he and his family have been to Palo Duro Canyon over the weekend to camp out. They went swimming three times a day. They climbed up the Devils Slide and were real tired when they got down.

Vince Wirt has been playing baseball this summer and playing with his friends and he goes swimming about every afternoon. He has been on a vacation to Arkansas and he has been building things.

Shelly Davis had a surprise

## Nowlin Family Has Reunion On Sunday

Relatives of the R.T. Nowlin family gathered at their home south of Canyon for a reunion and dinner Sunday, Aug. 12. Attending were the parents, Mr. and Mrs. C.S. Nowlin of Plainview; the children, Russell Nowlin of Plainview; Mrs. Bob Burke, Mike, Junice, Tim and Dana of Houston; Mr. and Mrs. Johnny West, Debra and Dennis of Amarillo, and the hosts, Mr. and Mrs. R.T. Nowlin, Jerry and Judy.

Also attending were Judge and Mrs. Lee Nowlin, Plainview; Mrs. Mary E. Hotchkiss, Canyon, and Debra Hotchkiss of Amarillo.

Unable to attend were Bob Burke and Mr. and Mrs. Sim Paine and family, Perryton.

Buying? Selling? Use the classified advertising pages of The Canyon News. Telephone OL5-2141.

birthday breakfast on her eighth birthday. It was a come-as-you-are breakfast. And after everybody was through eating, they went out in the back yard and played.

Clay Michael has been swimming this summer and he has visited his cousin for about two weeks.

Joe Ziegler has been on a vacation to Ruidoso, New Mexico. He has been playing baseball, riding bikes and swimming.

Mike Swartzell has been swimming and has been to the Double D Ranch, and to New Mexico, and he has also been just playing.

Ronnie Reff has been playing baseball this summer and has been swimming and playing with his brothers.

Bruce Crager has been to Possum Kingdom, and they got a new boat. He has been taking swimming lessons and playing baseball.

Harry, Chi-Chi, and Kim Harper have been on a trip to Alabama and will be back Sunday or Monday.

Hal Owen has been to camp, and has been plowing and swimming.

I climbed on a horse, And Yet I walked. Answer next week. Answer to last week's riddle: The pony's name is All.

O.P. Fullerton of Houston is spending the week visiting in Canyon with Mr. and Mrs. Ray Fullerton. He and Ray are brothers, and Ray is a patient in Neblett Hospital. Also a guest in the Fullerton home was Mrs. Carroll Love of Tulsa, a daughter of Mrs. Fullerton's. Kevin Dale Love, son of Mr. and Mrs. Love, was also a patient in the hospital where he underwent surgery.

### VISIT HERE

Rev. and Mrs. Arthur Bailey Duncan and son, Courtney, have visited during the past week with his mother, Mrs. A.B. Duncan, and his aunt, Miss Johnnie Courtney. The Duncans were returning to their home in Henrietta after a vacation trip to Denver, Colorado Springs and other points in Colorado. Reverend Duncan is pastor of a Henrietta Methodist Church.

Mrs. Bud Forbau is a guest this week in the home of Mr. and Mrs. W.A. Moore. Mrs. Forbau, the former Marion Howard, now resides at O'Dell. She is an ex-student of West Texas State College.

Mrs. A. B. Berry accompanied her son and his family, Mr. and Mrs. Kenneth Berry, Brent and Michelle, of Amarillo on a vacation trip to various points of interest in Colorado, including Colorado Springs, Denver and Estes Park.

Mr. and Mrs. B.E. McCormick spent the weekend in Tahoka where they visited in the home of their daughter and her family, Mr. and Mrs. Donald Williams and sons.

Mr. and Mrs. Con Welch of Grafton, Ill., were in Canyon recently for a visit in the home of Mr. and Mrs. H.V. Anderson. The Welches were returning to their home after a trip to the World's Fair and along the California Coast. While here they visited Palo Duro Park.

by Mrs. J.W. Wesley

## Fairview Breezes

Seems as though we can not be satisfied. Last week it was too wet to plow and this week it is too hot and dry.

Mr. and Mrs. E.W. Schaeffer returned from an extended trip to Philadelphia Friday evening. They reported that they had a wonderful time.

Mrs. Ine Shipman closed her drive-in in Happy Saturday and now is working at the Kreme Kone in Canyon.

James Read went to the farm to plow Wednesday morning and some one had taken his battery from his tractor. He hopes they just borrowed it and will return it soon.

Mr. and Mrs. Ervin Wilson and children, Glenda and Eddie, and Mrs. Edna Wilson were shopping in Amarillo Thursday evening.

Mrs. J. W. Wesley visited Thursday afternoon with Mrs. Annie Read.

Mrs. Arlen Wesley and children, Kyle Ray and Lydia Ann and her grandmother Myles spent the past week at the cabin in New Mexico.

Mrs. A.C. Walker is working at Joyce Lane's store.

Mr. and Mrs. G.E. Wesley attended the Amerson reunion in Elwood Park in Amarillo Sunday after church services.

Mrs. Edna Wilson, C.P. and Frank Rogers and Mr. and Mrs. Ervin Wilson, Glenda and Ed-

die attended the Rogers reunion held in the Elwood Park in Amarillo Sunday.

Mr. and Mrs. H.R. Wesley of Abernathy visited Saturday night and Sunday with Mr. and Mrs. Woodrow Wesley.

E.P. Wesley of Abernathy visited Saturday night and Sunday with his brother and wife Mr. and Mrs. J.W. Wesley.

Brother and Mrs. John Sullivan and children and Mrs. Anderson and children visited Sunday in the John Patterson home.

Beginning August 30, and continuing through September 2, there will be a revival at Fairview Church with a visiting preacher from Arkansas.

## Lucky Beavers 4-H Hears Agent

John Brazzil, Randall County Agent, discussed the record books when the Lucky Beavers 4-H Club met at the home of Mr. and Mrs. Glen Burrell, Friday night.

Entertainment was provided by the Gully Jumpers composed of Clio Cathey, John Lanid, Roy Hannah and James Hale of Amarillo.

Refreshments were served to Alan, Phil and Gary Fletcher, Johnny and David Burrell, Bob and Cindy Gruner, Steve Turpin, Mike Blanton, Lynn Shackelford, Pat Blanton, Keely Murphy, Larry Dirks, Linda Kay and Mike Dudenhoeffer, and Connie Brazzil.

## Local Youth Wins First With Horse

A 2 year old Appaloosa stallion owned by 16 year old Bill Walker of Canyon won first place in the Santa Fe Horse Show held last weekend in Santa Fe, New Mexico.

The stallion named Jamboree has a history of previous wins. He won his first show before he was a month old. In the tri-state fair two years ago he won first. He was not three months old at that time.

Walker showed the horse in the National Horse Show in Fort Worth last year and he placed third. He was competing against 61 other colts.

The win Saturday was the second year straight for the colt to win at the Santa Fe show.

Bill, who is a student at Canyon High School, is an amateur ham radio operator. He plans to major in electrical engineering in college. The money he receives from Jamboree's winnings will go for his college education.

The Canyon News wants your news. Telephone OL5-2141, or stop by the News office.

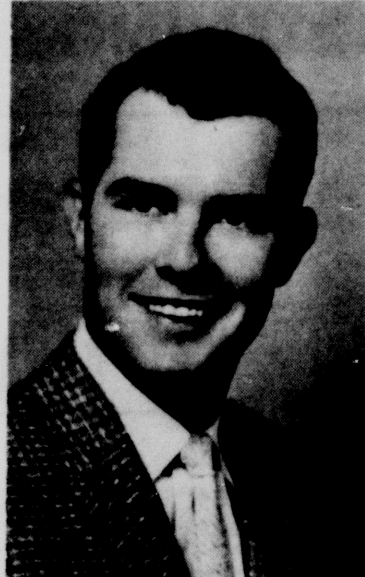

Gary Lee, 17 and a senior in Canyon High School, exhibits the trophy he won Sunday in the Amarillo Dragway. Lee is a member of the Celtics Car Club of Canyon. He entered the stock car class in the standard division. The next drag races will be held in Amarillo August 26.

## B.J. McCormick Gets Doctorate

DR. JACK MCCORMICK

At the recent summer graduation exercise of Oklahoma State University, Bailie Jack McCormick of Canyon received a Doctor of Philosophy degree with a major in physical chemistry.

He was graduated from Canyon High School in 1955 and from West Texas State College in 1959. He is a member of Sigma Xi, Phi Kappa Phi, Phi Lambda Upsilon, Alpha Chi and was named to the president's honor roll at Oklahoma State.

In September, he will assume duties as a Welch Foundation Post-doctoral Fellow at the University of Texas, where he will be engaged in teaching and research on transitional metals

## Missouri Educator Will Speak At WT Ceremonies

Activities for West Texas State College's more than 200 summer graduating students open here Tuesday, when President and Mrs. James P. Cornette honor the group and their families at a reception.

Summer convocation ceremonies are scheduled Thursday at 8 p.m. in the Physical Education Building. Speaker will be Dr. Leland E. Traywick, president of Southwest Missouri State College.

A rehearsal for the convocation will be held at 4 p.m. Thursday, and preceding the practice session, students will be guests of the WT Ex-Students Association at a coffee from 2:30 until 4 in the west side of the cafeteria.

The reception will be from 3 until 10 p.m. at the president's home. In the receiving line will be Dr. and Mrs. Cornette, Dean and Mrs. Walter H. Juniper, Graduate Dean and Mrs. James L. Russell, and Mr. and Mrs. Roy G. Boger.

Boger, professor of education and director of evening classes, will retire from WT faculty at the end of summer.

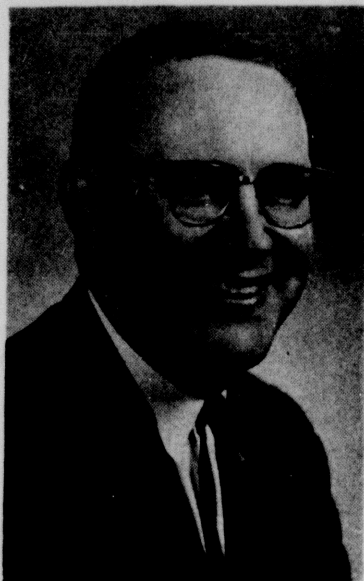

In the house party will be Miss Ruth Cross, Mr. and Mrs. Virgil Henson, Dr. and Mrs. A.K. Knott, Dr. and Mrs. J.B. Roberts, Dr. and Mrs. C.C. Callarman, Dr. Lowell Harrison, Dr. and Mrs. Emmitt Smith, and Mr. and Mrs. Huelyn Laycock.

Dr. Jack Walker will introduce guests to the receiving line, and Miss Judy K. Wilson of Canyon will play incidental music.

The convocation will be opened by an academic procession of faculty and graduating students. Invocation will be given by Dr. Strauss Atkinson, pastor of the First Baptist Church of Canyon. Dr. Cornette will confer degrees, assisted by Deans Juniper and Russell.

Commissions as second lieutenants in the Army Reserve will be conferred upon seven graduating students by Lt. Col. Woodrow Hobbs, assistant professor of chemistry.

Dr. McCormick is married to the former Theresa Mickey of Canyon, and they have a daughter, Michelle. His parents are Mr. and Mrs. B.E. McCormick of Canyon.

LELAND E. TRAYWICK

fessor of military science and tactics. The Alma Mater, concluding the program, will be led by Mel Harp, WT student from Sweetwater.

Mrs. Ethel Dooley, Mrs. C. M. Dooley and children, and Mrs. Viola Robins and boys have returned from a vacation trip to Houston where they visited with relatives. Enroute home they stopped in Dallas where they were joined by Kathy Robins, daughter of Mrs. Robins, who has spent the summer visiting in that city.

## Wayside News

Hildred Adams visited Mrs. Steven Adams and Mrs. Thelma Adams and her daughter Friday, August 10.

Gayle Watson went with his parents, Mr. and Mrs. Guy Watson to the World's Fair.

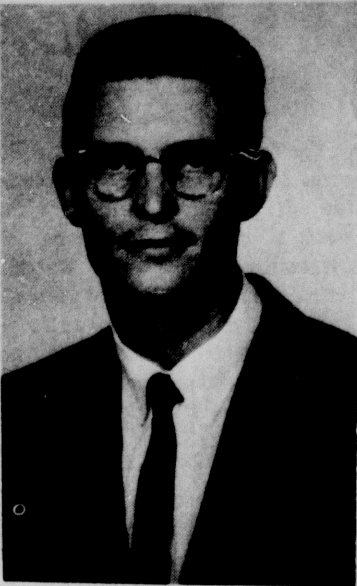

Mrs. Pere Clayton had company last week.

## Baptist Have New Staffer

Bob Harty is moving to Canyon this week to join the staff of the First Baptist Church. He will assume the position of minister of Education.

For the past three years and six months, he has been minister of Education and music at the First Baptist Church, Farmers Branch, a suburb of Dallas. Before that he served churches at Lewisville and Burleson in the same capacity.

Mr. Harty was graduated

BOB HARTY

from North Texas State University with a BS degree and from Southwestern Theological Seminary, Fort Worth, with a Master of Religious Education degree.

He married Katherine Annette Bills of Paris, Texas, and they have three children, Kathy Lee, 7, Julie Marie, 2, and Robby, three months old.

The Harty's will make their home at 1708 Third Avenue.

## Winn Takes First In Tourney

Bruce Winn of Canyon shot a 152 Sunday to win the Canyon City Club 36-hole golf tournament.

Winn was one of eight entrants in the 36-hole medal play tournament.

Bill Haggard shot a 162 taking second place honors. He had a five stroke handicap on each 18 holes.

Following in close third place was John Whinnery also with a net of 162. Haggard and Whinnery played an extra hole to determine their placing. Haggard birdied the hole and Whinnery had a par.

Cash merchandise from the professional shop was given to the winners. First place winner won 50 percent of the total entry fees, second place got 30 percent of the entry and third

News Notes From The

RANDALL COUNTY FARM BUREAU

We had thought you Farm Bureau members would have sent the office some items for this week's column following the invitation of last week. We can't print your news and views if you don't express yourself.

Here are some News and Views as expressed in AFBF Official News Letter dated August 13, 1962:

"U.S. agricultural exports set new records in both value and volume in the fiscal year ending June 30. Agricultural exports for 1961-62 from the United States are estimated by USDA at \$5.1 billion, four percent above the previous record of \$4.9 billion achieved in 1960-61. Exports of wheat including flour set a new record estimated at 720 million bushels in 1961-62, up about 60 million from 1960-61.

"USDA reported last week

that dairy price-support purchases in July, 1962, amounted to 37,409,254 pounds of butter, 11,146,003 pounds of cheese, and 113,521,685 pounds of nonfat dry milk. These purchases compare with 38,814,794 pounds of butter, 15,806,207 pounds of cheese, and 62,011,993 pounds of nonfat dry milk purchased in July, 1961.

"Secretary of Agriculture Orville L. Freeman last week announced that a referendum on 1963 wheat marketing quotas will be held on August 30th. Mr. Freeman said 'With winter wheat planting near at hand, time will not permit any further delay in completing arrangements for the 1963 wheat program.'

"Net Farm Income in the first half of this year was at \$12.8 billion annual rate--two percent above the same period last year and about the same as the full 1961 year. Cash receipts were higher and livestock lower. Farm Production expenses are running at \$27-1/2 billion annual rate--about \$600 million higher than a year ago. Prices paid for most production items--except feeder and replacement stock--are ahead of a year ago. Interest and taxes are up about six percent and farm wage rates three percent. Present trends indicate farm output this year may be near a record, sales about the same as a year ago, prices little if any higher, expenses up, government payments larger, and net income little or no improvement."

Your Farm Bureau (the nation's largest general farm organization) is taking the following stand on current proposed legislation:

"Farm Bureau has distributed the following comments on H.R. 12391 to all Senators. Farm Bureau says the Senate now has these three principal alternatives as far as wheat and feed grains are concerned:

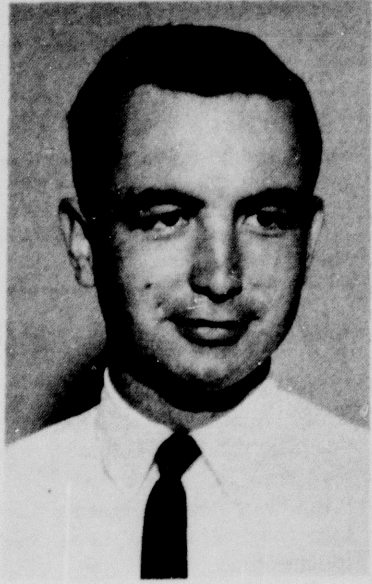

(1) A one-year extension of the present "emergency" programs.

(2) Adoption of the Administration's recommendations for untied, and highly restrictive supply management programs.

(3) No new farm legislation. Various combinations of alternatives (1) and (2) are possible. However, a careful analysis of these proposals clearly indicates that the best alternative available in the present situation is "no new farm legislation."

The AFBF is supporting an amendment to the U.S. Constitution providing for reform of the national electoral college. It supports an amendment providing that two electors for each state shall be elected on a statewide basis and that the balance of the electors for each state shall be elected by single election districts as deter-

Harry Tyson Joins Buff Coach Crew

HARRY L. TYSON

Harry L. Tyson Jr., a recent graduate of New Mexico State U., is the new West Texas state football trainer.

The 22-year-old physical education major has a long background in athletic training. He served in that capacity for three years at Poly High School of Fort Worth, two years at Victoria Junior College, one season at North Texas State, and one year at New Mexico State.

He is single.

Johnson Named P.O. Custodian

W. E. Johnson has been named head maintenance man at the post office here.

Johnson will replace O.B. Vaughan who retired the first of August as head custodian.

Johnson has lived in Canyon four years. He worked for West Texas State College for over a year and after that he farmed.

He is a veteran of World War II and he and his wife have one daughter 5 years old. Assisting Johnson will be Dean Bogan.

mined by the respective state legislature. The Board's action was taken in response to a policy adopted by the elected voting delegates of the member State Farm Bureaus at the 1961 annual meeting. This policy authorized the Board "to support a plan which will adequately protect the interests of rural areas."

At a House Commerce Committee hearing last month, a Farm Bureau spokesman endorsed the "basic purpose" of H.R. 11583--to provide that rates filed by regulated carriers for hauling agricultural and bulk commodities shall not be suspended solely because they are too low.

## SCD News

Establishing adapted species of perennial forage plants on lands converted to pasture from other uses should be planned now. Pasture planting may be done by drilling, broadcast or planting in rows. Planting dates for most native grasses begin in December and some as early as September.

A dead litter cover or mulch is required for the seeding of grass except where grasses are planted in rows and cultivated. Grass plantings may be made in existing dead litter cover of high residue crops using as a guide the same minimum amount of residue at the time of grass planting as required for soil protection under the specifications for stubble mulching. All crops grown for dead litter cover should be mowed or shredded to prevent seed maturity. The stubble should be mowed or shredded leaving an approximate height of 8 to 10 inches.

With all the available moisture that we now have it would seem to be a good year to plant grass. Now would be the time to establish the litter. This could be done by broadcast seeding the feed or planting in close spaced rows for cover.

After the feed is up weeds should be controlled by spraying. After planting the grasses in the stubble they should be protected from grazing until they are well established.

If you are interested in grass plantings contact your local Soil Conservation Service technicians and they can provide you with the seeding rates, planting dates, etc.

Mr. and Mrs. T.H. Knighton are vacationing and fishing this week near Creede, Colo.

## BEAUTY SHOPPING AT WTSC

WT BEAUTY - She's 5 feet 3 inches tall, she has brown eyes and dark black hair...and her name is Esther Salazar. Esther is 20 years old and a sophomore at WT. Her home is in San Angelo but this summer she is living in Randall

Hall. She selects steak as her favorite food and drawing as her hobby. However, she adds swimming as her favorite summer pastime. Esther is an art education major and she plans to teach school on the secondary level.

# Bone Picking Is Life Work Of Visitor Here

BY MARGO WILLIAMS  
The pickings were fine.  
That's the way Dr. Don Savage found the Paris Basin in France this year.

Dr. Savage just returned from a year in Europe where he was doing research for the National Science Foundation in the field of paleontology.

Dr. Savage is visiting his mother Mrs. J.A. Hill in Canyon before he returns to his associate professorship at the University of California in Berkeley.

In explaining the process used in securing the type of fossil specimens he wanted, Dr. Savage pointed out that during his year's stay they used a new type of excavation.

"We would either drill cores or use mines that had already been opened. Then we would knock away loose dirt, pack it in large sacks and carry it to nearby water bodies.

"We dumped the dirt into boxes with screens secured to the bottom and washed out the large pieces of dirt. This left us with the small pieces of hard material which we would dry in the sun.

"After the remaining matrix had dried we would pick through the pieces looking for small remains."

Dr. Savage noted that his group was more interested in finding the "small things such as fish scales, small teeth or perhaps jaw pieces."

"The Paris Basin is where most of the science of paleontology was developed. But in the early excavations the scientists were only looking for the larger types of fossils, such as large jaw pieces, or leg bones. Therefore we found a lot of smaller specimens that we can use," he commented.

Dr. Savage worked with Don Russell, graduate of the University of California who is in Paris working on his doctorate.

"Don and I are trying to find the similarities in the Paris Basin and the North American Continent. Many of the small animals found in the Paris Basin are similar to those which

roamed this continent."

Dr. Savage came to the conclusion that a land passage-way once connected Western Europe and North America. However, the location of this avenue has not been determined.

"The Paris Basin rock layer is of the Eocene period which dates back 40 to 50 million years. The Palo Duro Canyon bed layers do not have the Eocene layers. Erosion has left the caprock and the red bed layers, and the Eocene would fit between these two layers," Dr. Savage stated.

"There are points in the United States where the Eocene period can be found, and in these areas the small fossils that have been found correspond with those in the Paris Basin."

August 16: P.V. Winstead, E.C. Penick, Jr., Otto Podzemny, Eldon Burrow and Charles Wilkinson.

August 17: Wayne Porter, Mrs. Robert Summers, Mrs. Roy N. Byrd, Mrs. Leroy Bauer, Jack Richard Bonds, Charlie Huffines, Art Roberts, Charles Christensen Gerald, Helen Ledbetter, Martha Ann Goodman, Eddie Knowles, and Mrs. Minnie Bonds.

August 18: Mrs. Robert P. Jarrett, Densmore Mickle, Tom Knighton, Georgia Upfold, Victor Friemel and Mrs. Taylor C. Evans.

August 19: K.E. Frieze, Kermit L. Pond, Mrs. M.F. Bewley, Randy Russell Brown and E. J. Larson.

August 20: Billy Joe Hunter, Mrs. Guy Harp, Jack McCormick, Joyce Elaine Newton, Lynn Watkins, Jimmy Newbury.

August 21: Carl Jennings, Mrs. Roy Cook, Arley Barnett, Charlene Mae Taylor, Mrs. W. W. Adams, Sally Kaye Tippet.

August 22: Mrs. Boone McClure and Lowann Sparkman.

Dr. Savage returned to the United States with a suitcase full of specimens.

"I had a rather hard time explaining to customs at Idlewild that each little vial contained small teeth glued to the end of a pin. I was afraid I would be there for several days while they checked each glass tube. He examined a few of them and I guess that was enough to convince him I wasn't carrying narcotics."

Dr. Savage returned with rodent and monkey teeth mainly. "We think these specimens will prove very important in extensive afterstudy projects."

His family was in Europe with him the first six months of the study but they returned to Stephenville, Texas to complete their school work.

Dr. Savage was the first geology major graduate from West Texas State College.

"I couldn't get all my needed courses at WT so I took some of them at the University of Oklahoma. I did graduate from here though."

"In the fall of 1937 I went to Oklahoma University to work on my masters. Then I went to the University of California and in 1949 I received my doctorate from there. I've been teaching there ever since."

Dr. and Mrs. Savage have five children ranging in ages from 19 to 6 years old. Sheryl, 17,

will enter WT this fall as a freshman.

"I doubt if I ever return to Europe, but for me that one year was quite an experience. I was able to work in the original area of paleontology study. It is a classic area and with the findings we have from there we can determine the time scale in geological history. That is our main purpose," Dr. Savage concluded.

## Ag Instructors Attend Workshop In San Antonio

Ed Dwyer and Leon Bagwell, agriculture teachers at Canyon High School, attended a four-day state workshop last week in San Antonio.

The men were among 1,050 agriculture professors attending the meeting held at the Granada Hotel.

The first general session began Tuesday morning, August 7, with a review of the activities planned for the four days.

Meetings were held twice daily and the theme for the convention was "Improving Instruction to Meet Changing Needs in Agriculture."

## Hilltop Views

A little history now and then should be helpful to the best of men.

Denunciation of the ever growing power of the national government is so general and, in many cases, so bitter that many people seem to think it is a comparatively recent development. As a matter of fact that tendency is as old as the government itself and has been almost constant throughout the life of this nation.

As all well-informed people know, the question as to how much power to grant to the national government was a major issue in the convention that framed the constitution which has served this country from the very beginning to the present day. In fact, the constitution barely escaped defeat at the hands of those who believed that "the Senate would become the seat of aristocracy" and "the President would develop into a despot no less odious than the one whose tyranny they had just escaped", and finally, "The Supreme Court would become an inquisition, destroying the life and liberty of the citizens."

In the face of such opposition those who favored the adoption of the constitution promised a Bill of Rights that would effectively restrain the power of the new government. This Bill of Rights was adopted immediately after the adoption of the constitution and contains the first ten amendments to that great document—all "designed to protect the life and liberty of the individual against the power of arbitrary government." The tenth amendment provides that "The powers not delegated to the United States by the Constitution, nor prohibited by it to the states, are reserved to the states respectively, or to the people."

This struggle between those who favored a strong government and those who feared too much centralization was projected into Washington's first administration when Alexander Hamilton became Secretary of the Treasury and Thomas Jefferson Secretary of State.

These two men were among the greatest Americans of all time, but they represented diametrically opposed theories of government. The former did not really believe in government by the people and at heart was a monarchist. On one occasion he declared: "Sir, your people is a great beast." If living together he would not doubt be an extreme Conservative.

Jefferson, on the other hand, though an aristocrat by birth, was the author of The Declaration of Independence, the most eloquent voice of Freedom yet spoken—also the most convincing indictment of arbitrary government. He was the recognized leader of all democrats of his day. His heart was close to the people. In his first inaugural address he used these words: "Sometimes it is said that man cannot be trusted with the government of himself. Can he then be trusted with the government of others? Or have we found angels in the form of kings, to govern him?—Absolute acquiescence in the decision of the majority, the vital principle of republics, from which is no appeal but to force, the vital principle and immediate parent of despotism—the diffusion of information, and arraignment of all abuses at the bar of public reason; freedom of religion; freedom of the press; and freedom of person, under the protection of the Habeas Corpus—these principles—should be the creed of our political faith, the test of civic instruction, the touchstone by which to try the services of those we trust."

These contrasting philosophies harried the entire Washington administration and resulted in the establishment of two political parties—the Federalist under the leadership of Hamilton and the Republican under Jefferson. Hamilton exercised more influence upon governmental policy than did Jefferson. The Secretary of the Treasury succeeded in increasing federal power through such legislation as the tariff act of July 4, 1789; an excise tax on whiskey in 1791; the suppression of the Whiskey insurrection in 1794 with federal troops; the full payment of the nation's financial obligations at home and abroad; the assumption of the state debts as a compromise with Jefferson by which the capital was located in Washington; the creation of a national banking system which tended to tie the business interests of the North and East to the federal government, and other measures having the same centralizing effect.

At this point it is important to note that in order to give these various measures the appearance of constitutional validity Hamilton contrived the doctrine of "implied powers" or "loose construction" of the constitution. On the contrary, Jefferson became known as a "strict constructionist"—that is, an adherent to the letter of the constitution, making it mean no more than it spelled out in so many words.

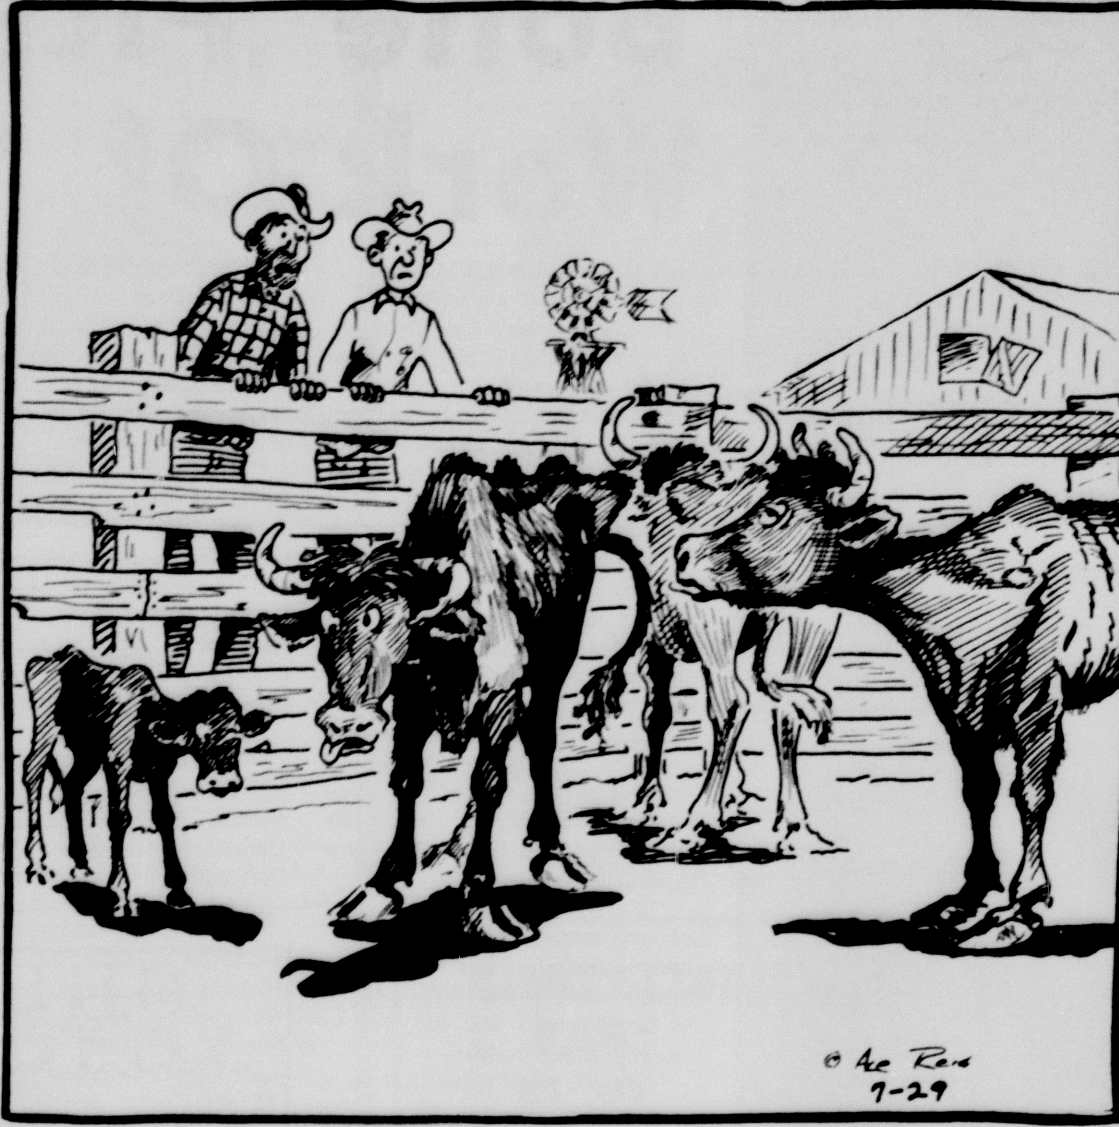

In the presidential election of 1796 Hamilton favored the election of Thomas Pinckney of South Carolina and thus alienated John Adams, who became the Federalist candidate. He received 71 electoral votes to 69 for Jefferson and 59 for Pinckney. Thus the aristocratic Federalist became President, and the democratic Republican vice-President, 1797-1801.

This split in the extreme conservative party (the Federalist) plus the blue-stocking point of view of its leader, President Adams, greatly weakened that party. Besides this, the new administration adopted domestic policies that aimed to discredit Republicans. This reacted contrary to expectations and further damaged the Federalist cause.

In the election of 1800 Adams was re-nominated by the conservative Federalists and Jefferson and Aaron Burr were Republican candidates for President and Vice-President respectively. They tied with 73 votes each to 65 for Adams. This threw the election into the House of Representatives, votes by states. Because of Hamilton's dislike of Adams he threw his support to Jefferson, "as a choice between two evils", and Republican Jefferson whom many thought was an extreme liberal, "an atheist in religion and a fanatic in politics" became the third President of the United States. (More Next Week)

## COW POKES

By Ace Reid

"Guess we shouldn't showed 'em to the banker. He said he'd loaned more if he hadn't seen 'em!"

## Federal Agriculture

(An Editorial)

The federal government's ability in the field of agriculture is again amply demonstrated by the lack of wheat quotas here at wheat planting time.

The rains have fallen. The ground is in shape and wheat should be planted soon. But the big question is who knows how much wheat any individual farmer will be allowed to plant? The Randall County ASC office certainly does not.

Then what alternative does this leave the farmer? He can seed any given number of acres knowing full well that it would be a miracle of the first magnitude if he happened to plant just the right amount.

He can plant too little wheat acreage. This will bring about two costly events in the future for him. If he completes the planting of his acreage when his allotment does come through, he will have to break out his drills and equipment a second time to do so.

Then when time for pasturing the wheat comes along he will have pasture of different ages—some ready for pasturing and some not ready.

The farmer can avoid these two problems by over planting. If he leaves the over planted acreage he will be hauled into court as was Everett Hale, Jr.

He can plow up the over planted acreage. This is costly and the expense comes right out of the farmer's pocket.

He COULD just miss a crop which is what Secretary Freeman may have had in mind.

Socialism has solved the farm surplus problems in Cuba, China and Russia. The people are starving in those countries because bureaucrats just don't know how to farm.

The tardiness of wheat allotments at planting time would indicate that our own socialist bent department of agriculture may be trying to solve our surplus problem in much the same manner as it has been solved in the Russian, Cuban and Chinese utopias.

## Area Youths Plan Revival

Six Canyon youths will help in organizing the Revival Crusade in the Amarillo Municipal Auditorium, August 19-25, beginning at 7:30 p.m. each evening.

Bill Wimberley, Don Akin, Roy Harris, Anita Wimberley, Kay Jarnigan and Peggy Sue Hales, all of Canyon are in charge of various committees for the Canyon area campaign.

Conducting the revival will be the Baker Brothers, Bo and Dick. The Rev. Bo Baker will be preaching for the services and Dick Baker will be the music director.

The youths of 42 churches of the Amarillo Baptist Association are promoting the evangelistic effort. John Robert Wheelock, General Youth Chairman of the crusade, has extended a welcome to the public.

## Why Do We Work?

(An Editorial)

Ochiltree County Herald

A television documentary film which we saw the other night had to do with the New York electrical union which won a 35 hour week for its members and has its sights set on a 20 hour week.

With pay for 40 naturally. This was a revealing picture, indeed. Instead of a struggling union composed of hard working electricians, we saw a picture of a way of life.

The electrical workers center their whole life around their union. Their union provides them with a social center where they study folk dancing, lift bar bells, play cards and visit.

Their union provides them with their insurance, their entertainment and their education. Their union president looks upon his flock with fond paternalism and likes to announce that he is looking after them.

To these workers, their union is everything. They do not care one whit about the company for whom they work nor do they care about the projects they are on. They work for the union. They take care of their union and their union takes care of them.

There was a filmed sequence of a union meeting in which some of the men had their say about work. None of them seemed to like it. They all seemed to look forward only to the end of their day (8:30 a.m. to 2:30 p.m.) when they could get back to the union hall.

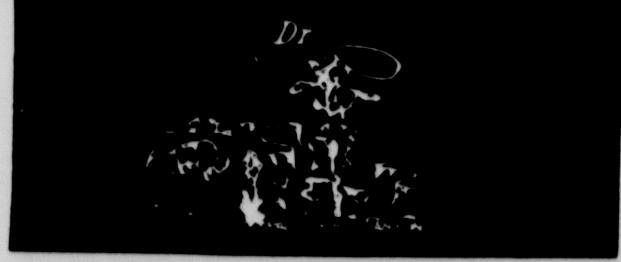

They spoke of their "right" to own a new car, to take dancing lessons, to live in a nice apartment, to have decent furniture. They looked to their union to preserve that right. Nothing was mentioned about putting out a decent day's work for a decent day's pay. Instead, they talked about working less hours for more money and thus, somehow, curing all unemployment.

It is a strange way of life. We think that somehow, when people of this nation acquire a real aversion to work and derive no pleasure from it, we will easily succumb to decay.

Life without work is meaningless. When will we realize that?

## CANYON DRUG

BE SURE YOUR NEXT PRESCRIPTION BEARS THIS LABEL

by D. M. Lipscomb

## Your Better Hearing

During the past few weeks, we have been considering the various related fields. There are two more sciences which concern the audiologist.

The science of physics and acoustics are of importance to audiological considerations. The audiologist is dealing with sound. He should know some of the various aspects of sound. How it occurs. What it is. How it is measured.

In his training, the audiologist receives some background in acoustics to enable him to serve his clientele better because of his knowledge of sound.

Finally, the science of electronics makes great contributions to the audiologist's work. The test equipment he uses, and the theoretical concepts of hearing all embrace the field of electronics.

It is a great failing of many schools that the audiologists in training do not receive formal instruction in electronics. Many times, he is the only one who works with the equipment and he can save many costly service calls if he knows something about his own equipment.

By way of summary, the audiologist has all of the mentioned scientific background: Otology, Neurology, Psych-

## AID TO COMMIES

The hassle which is being raised in Washington over the Foreign Aid bill, particularly with reference to aid to Red Yugoslavia and Poland, has brought a strong demand from Cong. Bob Casey of Houston to ban all aid to Communist nations.

Casey has offered an amendment to the aid bill which would ban any assistance to 18 named Communist nations.

In his speech supporting his proposed amendment he emphasized the possible impact of continued support of Communist nations which would be felt by Latin America. He said in this regard, "we are setting a horrible example to our neighbors to the south who are contemplating changes in government. Will they be discouraged from setting up Communist regimes if they feel they may still share in our bounty?"

It seems idiotic for the United States to help its declared enemies. Certainly we can not buy friendship; we have been trying it for 20 years with little success.

If we give anything it would be better to give food—if we can be sure that it reaches the hungry people who need it and they know from whence it comes.

San Marcos Record

ology, Special Education, Speech Correction, Physics and Electronics.

With all of these disciplines in his training, the audiologist needs but one additional quality—compassion. He must have a basic love for his fellow man. He must want to help his patients. He must be understanding of their problems and feelings without feeling any resentment or animosity toward them.

Audiology is an interesting and necessary vocation. If a young person likes variety in his work, he can find it in audiology because there are never any two cases exactly alike.

If the young person has many interests, he can be satisfied in audiology because of the many interesting related fields.

If the young person desires to feel that he is making a significant contribution to his fellow man, he can make a great impact on his community through

## From The CANYON RIM

Many platitudes have been wasted on the subject of success.

Our contention is that a man is not successful nor does he deserve happiness if he has not strained himself toward the utmost he is able to accomplish on this earth. We take our text from the parable of the talents.

When a man or woman goes to work for success he has chosen a hard taskmaster who will not tolerate a time clock on his job.

The cost can sometimes be staggering. I do not know a single person who has achieved that goal who has not paid dearly at some toll bridge along the way.

Pressure is a great contributor to the success of mankind. The best is brought out in a person in direct ratio to the pressure which he is called upon to bear. After all, diamonds are pieces of carbon under intense pressure.

Success often is achieved through concentration upon a goal with a devotion which leaves the onlooker incredulous. That devotion must be unwavering.

The greatest contributor to success is work. We do not necessarily mean labor just for the sake of labor but purposeful, intelligent work toward one's chosen goal. God's greatest gift to man—the brain—is his best vehicle on the road to success.

What man's mind is able to contemplate, man is able to achieve.

Man dreamed of traveling the ocean floor centuries ago. Now man, in atomic submarines, plumbs the depths. He looked aloft and envied the birds. Now high passenger planes make New York and London next door neighbors.

An artist jotted down Buck Roger comics for amusement of his vocation of audiology.

I have mentioned before that I would be most happy to discuss this vocation with any young person and his parents. Please feel free to call on me.

Next week, we will discuss the "team approach".

his readers. Now rocket ships of almost identical design circle the globe and inter-stellar highways are just a sunrise away.

In a nut shell, success is hard work, dreaming and devotion to goal. The goal should be high.

Somewhere we read this little verse and we think it applies well.

"I bargained with life for a penny

And at the end was dismayed. I found that what I'd have ask her

Life would gladly have paid."

Glenn Dowlen and Clarence Beckman this week were talking about the days when they burned kerosene in their tractors and mixed it with water.

The tractor had a separate water tank and the operator had to gauge the water mixture.

"You had to be an expert to cut the water just right," Dowlen declared.

Canyon may have started the ball rolling on a story of national scope when officials of this community dug into the repyote cult here.

There is a good possibility that schools across the nation may be contaminated with this "nsuedo religion. We discussed the possibility with several newspapermen from college towns last weekend and they plan to carry on in their communities.

This just goes to prove that much good can be accomplished by a few people who fearlessly start out to do the right thing.

The communists no longer are officially the enemy. A friend of ours in military training camp recently was not allowed to refer to the reds as enemy. Aggressor has been substituted and that is not applied specifically to the Russians.

We heard the space agency's top man talk at Wichita Falls Saturday. He referred to Russia as "the competitor." After his speech we went up to the rostrum and ask him if he used the term in a military sense. His reply: "You'll have to ask the military."

He had been flanked by a lieutenant general. We turned to ask the general. He already had left the building.

by John Brazzil

## COUNTY AGENT'S COLUMN

The rain on Sunday night, Aug. 12, seemed to be another one of those timely events for Randall County farmers. Many observers say now that a dry land grain sorghum crop is about assured. The rain broke a week of very high summer temperatures and ushered in a few days of relief. As this is being written (Monday) farmers are talking about starting the wheat drills within a few days.

Randall County 4-H Club members will be beginning their lamb feeding projects on Friday of this week. On that date several members will meet at the Craig farm at Ralph Switch to select feeder lambs for our next Randall County Jr. Livestock Show. Jimmy Craig and Duane Howard are working with the members to see that they

have choice lambs to start on feed. It is expected that about twenty-five lambs will be selected Friday to be groomed for the show in January.

Weeds have been a problem this year in the feed crops. Growers have turned to the use of 2-4-D for weed control in large numbers. While this is an effective tool to use everyone should be cautioned again that potential danger to susceptible crops is always present. Each year many cotton growers have reported damage to cotton. This year is no exception.

Drift from sprays and volatile fumes can damage crops such as cotton some distance away. The safe rules to follow are to use low or non-volatile materials; spray when wind is calm or below 5 mi. per hour; use low pressure and coarse spray; know the location of susceptible crops in your community. Persons who engage aerial applicators should use the same rules and use reputable applicators who have the interest of all farmers.

Now is a good time to send in the claim for a federal gas tax refund on gasoline used on the farm for farming purposes during the period of July 1, 1961 through June 30, 1962. The tax rate is 4 cents per gallon. If you have lost your application card or failed to receive one come by and pick up an extra one.

Recent visitors in the Arvin Triplett home were Roy Wreath of Woodward, Okla.; Sharon Ely, Amarillo; Mary Westfall, Shamrock; Mrs. Clifford Stewart, Dawn, and Mr. and Mrs. Pete Donnell. Mr. Wreath, Mrs. Triplett's father, spent several days visiting in her home last week.

Bleachers from the old West Texas State College football field now overlook a stretch of grassy field which will serve as a practice field for the Canyon Eagles from now on. The

field also will be circled by a cinder path which will enable Canyon to host track meets.

## Production Records On Cows

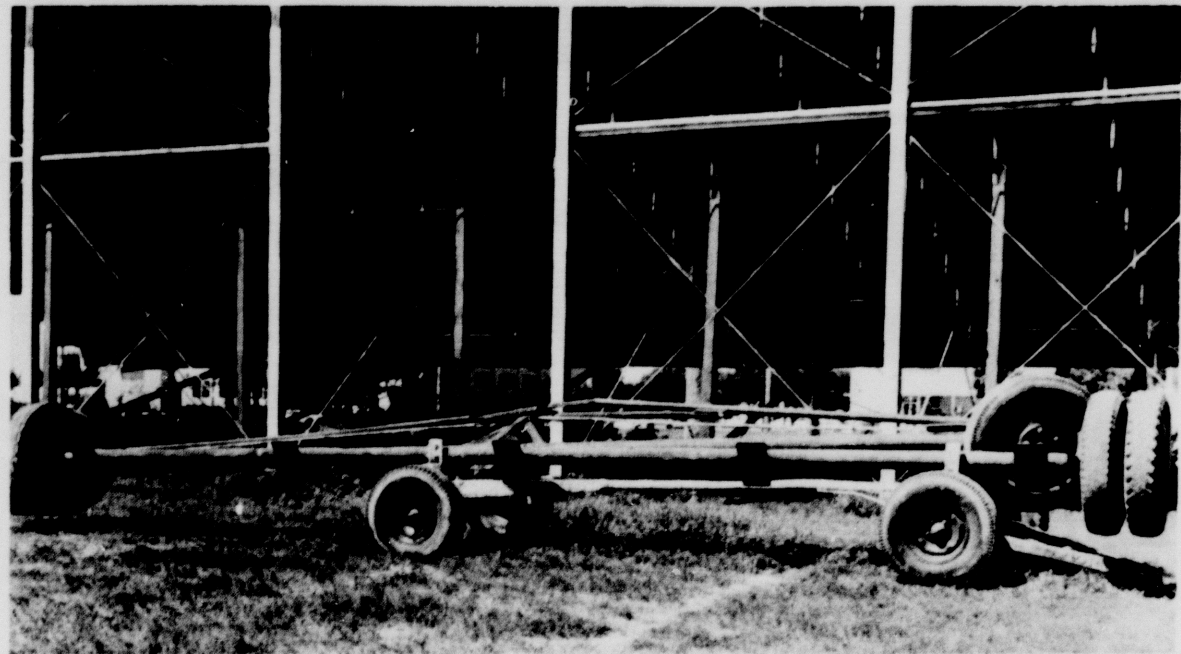

New official production records by registered Holstein cows in this area were highlighted today in a special report from The Holstein-Friesian Association of America.

R. Hales Chief Spot 4762058, a two-year-old owned by Richmond Hales, Canyon produced 18,851 lbs. milk and 755 lbs. butterfat in 365 days.

Tierra Blanca Walker Girl 3724895, a nine-year-old, produced 25,102 lbs. milk and 967 lbs. butterfat in 365 days. Bessie Burke Caljune 4936444, a two-year-old had 21,135 lbs. milk and 810 lbs. butterfat in 365 days. Both are owned by Louis G. Henders, Canyon.

Palo Duro Princess Piebe 4243673, a four-year-old owned by Donald Schaeffer, Happy, produced 19,415 lbs. milk and 812 lbs. butterfat in 365 days.

In announcing the new records, a spokesman for the national Holstein organization said that these compared to the average cow's annual output of 7,211 lbs. of milk containing 270 lbs. of butterfat.

This ingenious contraption was designed by Art Roberts especially for moving a part of the old West Texas State bleachers to a site near the

Canyon High School building. Roberts went to work on the rig when the school was unable to obtain bids for moving the bleachers.

## O.B. Vaughan Retires At Post Office

A long time familiar figure around the Canyon post office, O.B. Vaughan, retired this month after 25 years as custodian.

Vaughan went to work as a fireman at the boilers July 30,

1937. After three years at the

O. B. VAUGHAN

Mr. and Mrs. John Brazzil and daughter, Connie, spent several days of the past week vacationing and fishing at Red River, New Mexico.

boilers, the post office began using gas heating and Vaughan became custodian.

Before coming to Canyon he worked for a grain elevator in Tulsa for six years and in 1935 he moved here and worked at Scott Service Station.

Although still having three years before he had to retire Vaughan felt it was best to quit due to a heart condition.

"The post office job has meant lots to me. I have enjoyed 25 years of employment at the post office and I hate to leave," Vaughan commented.

Vaughan who is 67 years old will be remembered around the post office as the man who can find anything that is needed.

Mr. and Mrs. Bennie Cooper and sons spent Thursday and Friday in Tucumcari, New Mexico, where they visited in the home of his parents, Mr. and Mrs. John Cooper, and attended a family reunion.

## Old WT Stadium Seats Relocated On CH Track

It's not a mirage. That is part of a stadium being moved from West Texas State College to the Canyon high school. It's moved on a dolly made by Art Roberts.

Seats will now be available for spring track meets, "B" games, and junior high games. Moving was started Tuesday of last week.

When W.T. gave the stadium to be moved, both the college and high school asked for bids from outside companies. "No bids were offered," said Joe Gibson, school superintendent. So Canyon citizens went to work.

Art Roberts of Roberts Welding Co. gave the school board his idea on the move. With the high school furnishing workers, W.T. the fork lift, Wesley Cox the tractor, and Roberts the Dolly, the move began.

Robert's ingenuity in making a suitable dolly made the move possible for local Canyon men. It is made from the front and back axles of a discarded school bus. The axles were extended to the width of 28 ft.

This allows each section moved to be 36 ft. in width. Each section weighs about 18,000 lbs. Using the fork lift to raise the section, Roberts then slides the axle on wheels under the stadium and bolts it tight. This is done first at the back of the section and then the action is repeated at the front. Cox's tractor will then begin the move.

Route used goes by the college loop through Foster's pasture east of Canyon and is completed down ninth street and behind the high school. Obstacles of telephone wires, fences, and street lights are combated by less Stipe and two other high school employees who ride on top of the section. Seven or

eight men are used on the project. It takes two hours to set the stadium on axles, one hour to move, and one hour to set and line it on the football grounds.

The high school received five sections at their football practice field. Gibson believes that these stadium seats will increase attendance and interest

in track meets and other games held on the football field. He also expressed that the track will be finished in time for the spring track meet.

Roberts commented on the job, "We got excellent cooperation from Southwestern Bell Telephone, Southwestern Public Service, and the city of Canyon."

## Miss Mc Clure To OU Clinic

Cheryl McClure of Canyon, Texas is among 1,173 high school graduates who participated in a summer orientation and advisement clinic at Oklahoma State University during July.

This brings to 2,007 the number of new OSU freshmen who this summer have attended two-day clinics, mandatory for all entering freshmen at Oklahoma State.

**MRS. JOHN H. ROBINSON**

HAS BEEN SELECTED BY ANDERSON APPLIANCE AS

**"AUGUST HOUSEWIFE OF THE MONTH"**

Anderson Appliance wishes to congratulate Mrs. John H. Robinson of 1002 7th Street as Housewife for the month of August.

Mrs. Robinson has a Frigidaire range and oven in addition to a Frigidaire washing machine and dryer.

"I really do like the appliances. They all are just wonderful," Mrs. Robinson commented.

All Mrs. Robinson's appliances are done in Aztec copper.

"I couldn't have picked a more perfect shade. The color fits right into my kitchen color scheme," she explained.

Mr. Robinson farms his own land southwest of Canyon. He also farms two other places.

"The main thing we like about the appliances we have gotten from Anderson's is the service we get. When we call, Andy is out here that day. We don't have to wait on him," Mrs. Robinson said.

With two sons and a three bedroom home to keep up Mrs. Robinson's washer and dryer are big time savers.

"I just love the washer and dryer. While I'm washing one bundle of clothing I can dry another bundle. They are very handy," she said.

You can get the same quick service from Anderson Appliance by just calling OL-5-2146. They will be glad to provide you with Frigidaire appliances which will help you in running your household easier and more efficiently.

**THE ANDERSON FAMILY WILL BE GONE FOR ONE WEEK AUG. 19 THRU AUG. 26. THE STORE WILL REMAIN OPEN WITH MRS. J.L. RILEY IN ATTENDANCE. Each county and any other political subdivision of this state shall have the authority to enact appropriate regulatory laws to provide for and administer a Retirement, Disability and Health Insurance Program for its elected and appointive officers and

employees; provided same is authorized by the majority of the qualified voters voting in such election of the county or other political subdivision. No person shall qualify for office as a member of the board of supervisors if he has previously served in such capacity for at least twelve (12) years, except for those persons otherwise exempted by prior legislation of this Amendment. The amount contributed by the enacting law to the Amendment, such legislation shall not be invalid for reason of its anticipatory character. Sec. 2. It is the necessary proclamation for the election and the Amendment shall be published in the manner required by the Constitution and laws of the State.

...

Mrs. Edith Livesay and children, Greg and Ellen, have returned to Canyon after a week's vacation spent at their cabin in Ruidoso, New Mexico.

Mrs. Tom Sifert and children, Tommy and Ed, of Davenport, Iowa, are visiting in the home of her parents, Mr. and Mrs. Louis Henders, Sr., and with the Louis Henders, Jr., family. Mrs. Sifert is the former Laverne Henders.

Mrs. A.B. Gray has returned from Dallas where she attended the Thirtieth Anniversary meeting of the Stanley Home Products. The sales assemblies and entertainment were held in the Sheraton Hotel.

Mr. and Mrs. Buddy Hilgenfeld and Mrs. Millard Groves, all of Henrietta, were recent visitors in the home of Mr. and Mrs. J.L. Hilgenfeld. Buddy and Mrs. Groves are the brother and sister of J.L. Hilgenfeld.

The Doug Rittenberrys have just returned from a visit with the J. Evetts Haley, Jr., family on their ranch near Salisaw, Okla. While there the Rittenberrys visited Little Rock.

Mr. and Mrs. Roland Black returned Saturday from a week's trip to the Double D Ranch in Las Vegas, New Mexico.

They spent four days at the ranch and then toured through Colorado Springs, Colorado.

## NORTH RANDALL NEWS

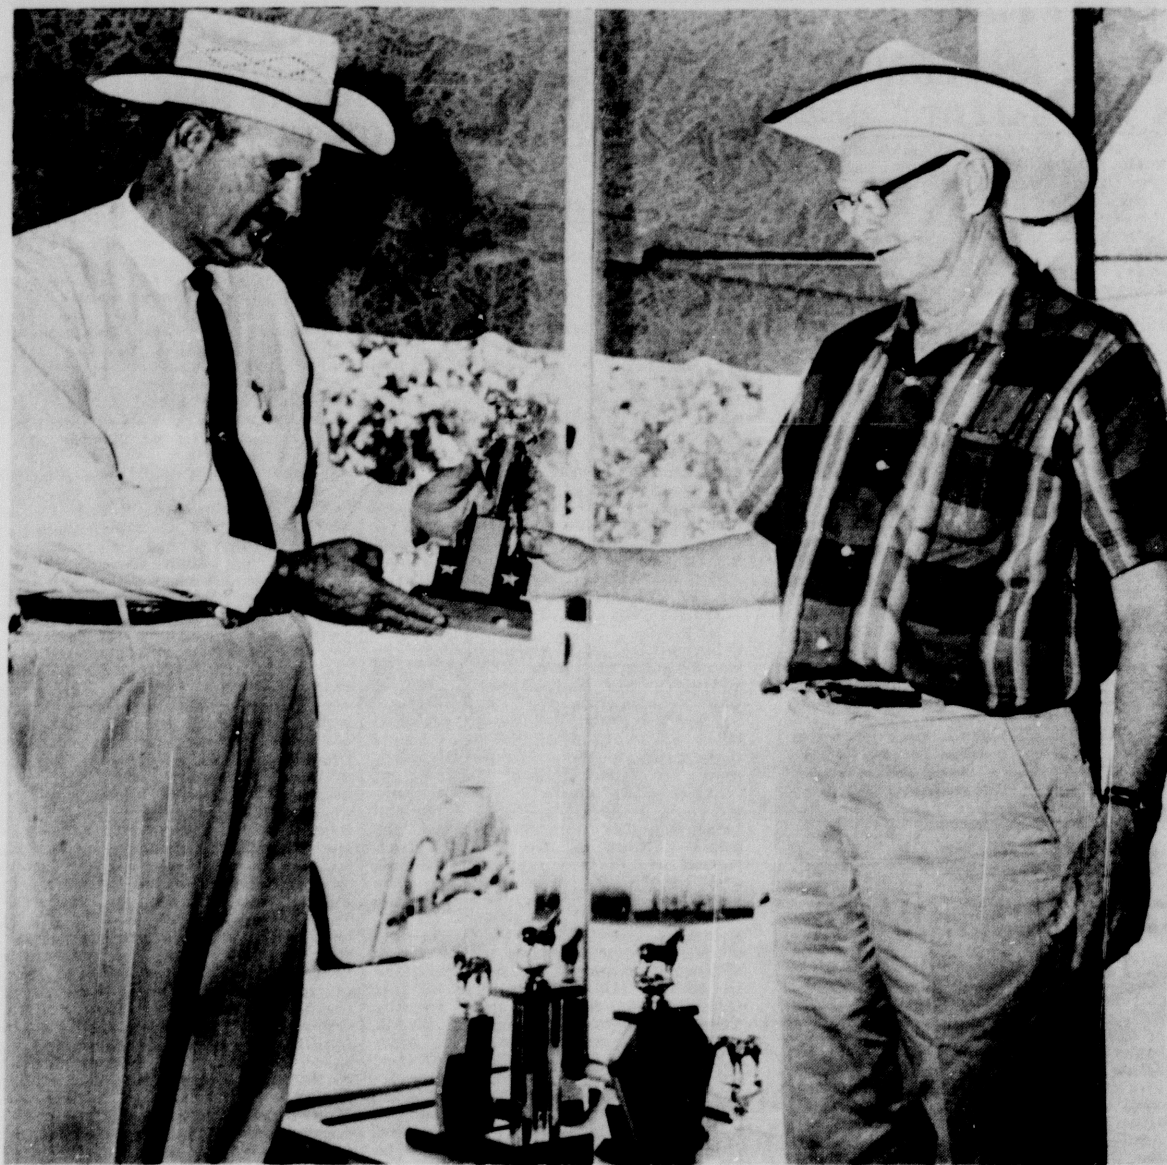

Miss Kathleen Hodges is visiting in the home of Hershel Hendersons, in Plainview. Kent Hodges recently returned. Kent and Kathleen are the children of Mr. and Mrs. Marvin Hodges.

Little 3 year old Cleon Earle son of Mr. and Mrs. Cotton Earle, 5319 Western, in Amarillo met with an accident Saturday at 7:50 p.m. He darted into the street and was struck by a pickup truck driven by Mr. Ronnie Mayfield, 20 years old, who lives on Mills Lane in Amarillo. Cleon was rushed to Northwest Texas Hospital, in Amarillo where his condition is reported as serious. He has head and internal injuries.

Mr. Ernest Coral Hawes, 80 years old, passed away at his home, 4800 Arden Road, last Saturday, following an illness which has lasted for 6 months. He is survived by his wife, Mrs. Ernest Hawes, and two daughters, Mrs. Naoma Weddington, of Amarillo, and Mrs. Jennie Mae Williamson of Amarillo. Mr. Hawes was a retired farmer, and a member of the First Methodist Church in Canyon. He had lived in Canyon for about 35 years.

New neighbors on Mack Avenue, are the Tom Burkhalter's of Amarillo, and their two children, Debbie and Tommy, who will increase the enrollment of the Canyon Elementary School by two this fall. Welcome to you.

Mrs. C. H. Reynolds and daughter Cecilia of Carlsbad, New Mexico, and Mrs. Reynolds two grandsons, 5 year old Chris Brashear of Aztec, New Mexico and 6 year old Tony Hice of Carlsbad, found themselves in quite a predicament and lost

Sheriff Slim Johnson, left, and J.A. Edwards, Petersburg won first place, Childress came in third and Tulia placed fourth.

## Miss Harter Is Installed

Miss Joy Harter, daughter of Rev. and Mrs. Dale M. Harter, Canyon, was installed as Area A representative of the Texas Christian Youth Fellowship Wednesday night at the opening session of the 19th annual Texas Youth Convention of Christian Churches being held on the campus of Texas Christian University.

Miss Harter was elected earlier in the week at the TCYF Cabinet meeting at Jarvis Christian College, Hawkins.

Sponsored by the Texas Board of Christian Churches, the convention will continue through Saturday.

## '62 FORD PICKUPS

### REWARD:

Come in and claim your reward! Let our low Ford Pickup prices put savings into your pocket right off! And low price is only the start of Ford's full-time economy. You save on gas! Ford's modern Six and V-8 engines squeeze every mile from every gallon of gasoline. Short-stroke, low friction Ford engine design makes maintenance stops few and far between. You save on oil—go 4,000 miles between changes thanks to the efficiency of Ford's Full-Flow oil filter. You save on tires because Ford's truck front suspension keeps tires tracking true. Certified tests show that Ford's front tires last an average of 69.9% longer than tires on trucks equipped with independent front suspension. We'll gladly show you certified proof of how a Ford Pickup can save you money every day! Ford Pickups ride and handle easy, too! You get wide, soft-riding seats that smooth out the miles... long wheelbases, easy springing, extra sound and shock insulation to make hauls seem shorter, to make the chassis last longer. Ford's tough deep-channel frame is built for high-crowned western roads, built to stand up in off-road ranch work. Come in and compare. Try the smoothest pickup that ever beat high costs... and claim the rewards of owning a '62 Ford Pickup!

FORD TRUCKS COST LESS TO OWN AND OPERATE

Bring your Ford back home to your FORD DEALERSHIP for service!

on some country roads recently, at 12:45 a.m. They sought the help of Mrs. Charles Fowlkes whom they found picking corn at that ungodly hour, (because it was ready to put in the freezer). Mrs. Reynolds was looking for the home of her brother Curtis McKinney and family who reside on Mack Avenue. They are now enjoying a very nice visit. Cecilia is a Cheer Leader at Mid High School in Carlsbad. Mrs. Reynolds was a 4-H leader.

Mr. and Mrs. Jack Johnson visited in the home of his brother, Mr. and Mrs. Evert Johnson and family, on Friday of this past week. The Jack Johnsons live in Foracre, Oklahoma. They are visiting relatives, and will attend the 60th Wedding Anniversary Celebration of Mr. Johnson's parents Mr. and Mrs. Wiley Johnson, of Plainview, Texas.

Mr. and Mrs. E.L. Flynt of Amarillo, visited in the home of Mr. and Mrs. Glenn Evans, Wednesday evening.

Mrs. R. G. Bohannon will arrive at midnight Friday, from a months vacation in Europe. Her children have been staying with their Aunt and Uncle Mr. and Mrs. J.L. Upshaw, during their mother's absence. The Bohannon home is in Pacific Palisades, California.

Mrs. Laura SoRelle has been confined to the hospital again, but according to reports is resting well. She is the mother of Mrs. J.L. Upshaw.

Mrs. Cathie Dettten daughter of Mr. and Mrs. Tom Dettten is spending a week in the home of her maternal grandparents, Mr. and Mrs. N.N. Wells, 702 So. Arthur Street, Amarillo.

Miss Glennice Evans will attend vacation Bible School at the Church of Christ in Claude, this coming week. Accompanying Glennice will be Mary Lou and Joyce Ritchie daughters of Mr. and Mrs. Joe Ritchie. Glennice is the daughter of Mr. and Mrs. Glenn Evans.

Mrs. Glenn Evans and family visited in the home of Mr. Evans brother Mr. and Mrs. J.M. Evans and family in Neosho, Missouri, this past week.

Bobby Evans son of Mr. and Mrs. Glenn Evans is working this week at the 7-B Ranch in Umbarger.

Mr. and Mrs. Bob Dettten and family visited in the home of Mr. and Mrs. Tom Dettten on Saturday. Tom needed a tractor driver so Bob came to his rescue.

Art Roberts of Canyon took his annual fishing trip at Platora, Colo. last Friday. Two friends, Stanley Pursehouse, a high school teacher from Lubbock, and Pinky Peel, salesman for Ryder Truck Rental in Amarillo accompanied Roberts. Fishing yielded fair luck to the trio. Roberts commented about the trip, "It was so cold, I wore two coats all the time."

Mr. and Mrs. Newton Richardson and children, Ben and Pamela, have returned from a vacation trip to Monument Lake, Colo.

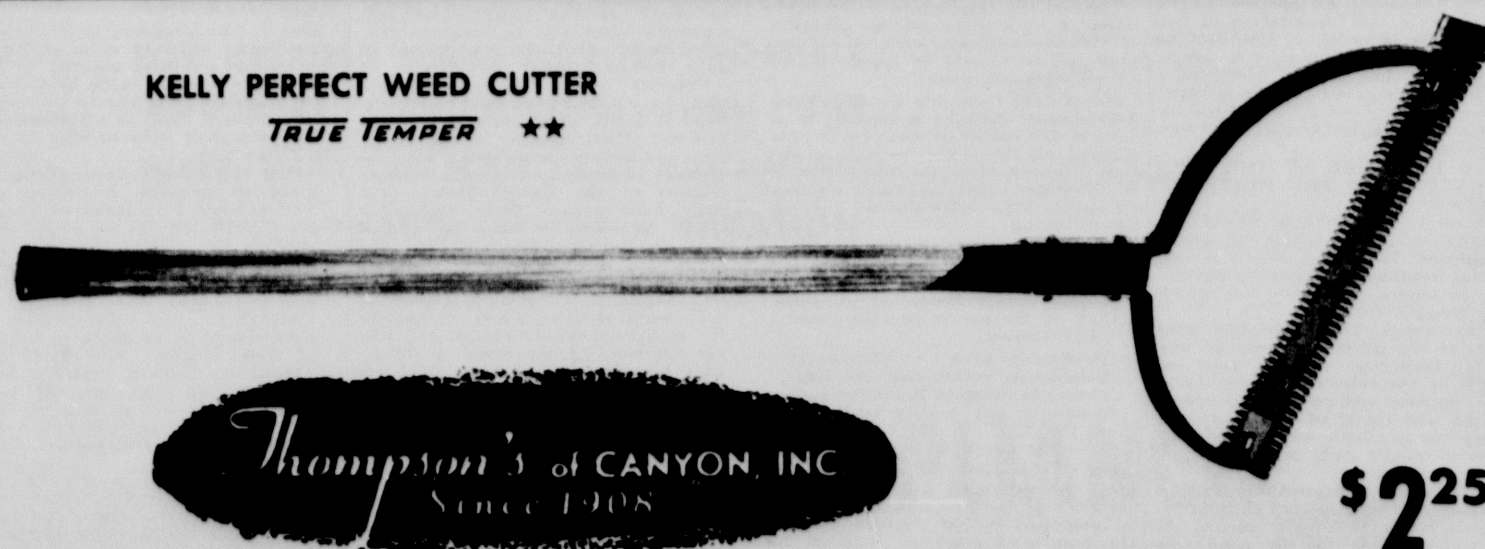

"I wash all these dishes—and more, Electrically!"

says Mrs. A. W. Lott, Lorenzo, Texas

Mrs. Lott reports that she washes as many as 10 services in her electric dishwasher, and proof that the dishes are washed clean is her statement that "we have had fewer colds in our family since we've been washing dishes electrically." You, too, can enjoy the benefits of electric dishwashing — and now's the time to start

# You Gotta Be Quick To Rodeo Says Reynolds

BY MARGO WILLIAMS  
A rodeo doesn't require a large man, but it does require a man with a clear mind and quick reflexes.

And Roy Reynolds of Holly, Colorado, will fit that description.

Roy, who is a former Canyon resident, was an entrant in the rodeo held here last week and at the age of 35 he picks calf roping as his specialty.

The 5 foot 10 inch rancher was born in Canyon and raised in New Mexico. His parents, Edd and Helen Reynolds, who still live in Canyon then moved back to a farm near Canyon where Roy and his brother Earl (president of the Randall County Sheriff's Posse) learned the basics of the rodeo profession. "I began rodeoing as a hobby. We practiced roping and bareback riding on our farm and I learned to really enjoy it," Roy recalled.

Roy entered West Texas State College in 1946 and by 1951

WT had its first rodeo team. "Earl and I attended a rodeo at Sul Ross College one year and several of the boys at the rodeo decided to start a college rodeo association," Roy said.

The group of college cowboys started the National Intercollegiate Rodeo Association and by the time Roy graduated from college in 1951 West Texas State College had a rodeo team that won the national finals.

"The Rodeo Cowboy Association backed us 100 per cent and the school gave us a lot of help," Roy commented.

The NIRA modeled its constitution after the RCA rules in order to have top quality boys in the organization.

"We stressed sportsmanship and we provided good clean shows for the spectators," Roy said.

Roy was regional director one year during his college years and the WT rodeo team which consisted of six team members were rated in the top 10 rodeo teams in the nation for many years.

"In order for a boy to be on the rodeo team he had to maintain a C average and he had to go to college at least one semester before he could participate in a rodeo, this kept out the boys who would come to school just to rodeo," he explained.

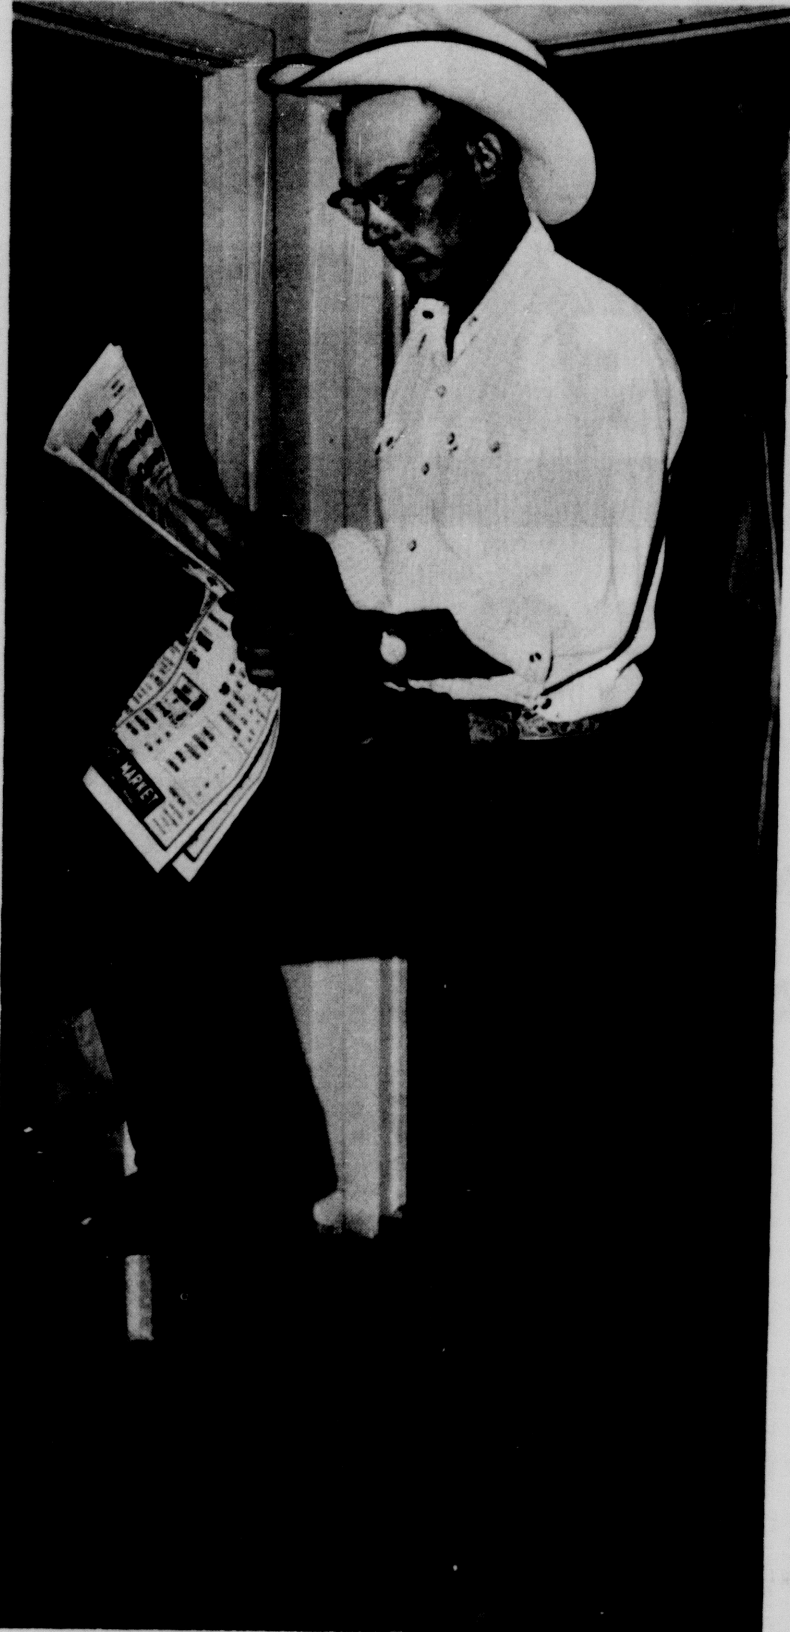

After college Roy entered the army for two years, and

taught radio and code. He returned to Canyon and worked with his father on the farm.

"I used to run a mile every day, but when I got out of the army I was too out of shape to try any rodeoing," Roy continued.

But he did get interested in the rodeo again. He bought a ranch and farm combination in Colorado and he and his wife, Lou, and their three children moved to Holly in 1959.

The Reynolds children, Nancy, 5, Susie, 3, and Rex, 2 years

Roy Reynolds, Holly, Colorado, looks over the Canyon News giving the various events in the rodeo here last week. Roy entered the calf roping event Friday and Saturday nights. He is the son of Edd and Helen Reynolds and the brother of Earl Reynolds, president of the Randall County Sheriff's Posse. He was a charter member of the National Intercollegiate Rodeo Association which was started while he was in college at West Texas State College.

old, are now getting some of the same farming and ranching experiences their father got as a boy in Canyon. Roy has 150 head of cattle on his ranch and he keeps three horses.

On his irrigated farm Roy grows some wheat and the grain necessary to feed his stock. And as an added activity he practices for the rodeos he attends each year.

"I only attend about 7 or 8 rodeos a year now, but I used to take in as many as 58 in one year," he recalled.

"Through rodeoing I have met lots of wonderful boys. The contacts you make in the rodeo world stay with you throughout life," Roy stated.

As a man who has been in the rodeo world for nearly 17 years, Roy Reynolds sums up the qualities needed for a rodeo cowboy.

"If you are going to be good your movements have to be automatic. And the only way they become automatic is through practice," Roy concluded.

## Dimmitt Has Three Days Of Activities

Dimmitt Western Week begins today with an Oldtimers Association Meeting and picnic lunch on the Dimmitt courthouse lawn at 9 a.m.

Included in the three days of activities are a parade this afternoon (Thursday), a barbecue, and a rodeo and dance all three nights.

The Dimmitt Rodeo Association is sponsoring Western Week, and Ratjen Brothers of Happy are providing the stock.

Riding clubs interested in entering the parade Thursday afternoon should contact Ewing L. Mathis, parade marshal, in Dimmitt.

## WOULD YOU SELL YOUR HOUSE FOR THE INSURANCE YOU CARRY ON IT?

Could you completely rebuild the same house with the money provided by your present insurance? If not, you should increase your insurance to provide adequate protection.

It is our responsibility as your insurance advisor to see that your home is insured to its full value.

Your property is exposed to complete destruction from many hazards, which could prove disastrous if you are not fully covered.

The decision is up to you. Please call us today or drop by to see...

## Something you should think about if you're about to buy a truck:

If all trucks were built the same way, cost the same to keep up, were worth the same at trade-in... then probably the price tag would be your only concern. It can't be, of course, because some trucks have more quality than others. And marks of quality are the real keys to low cost.

Chevrolet trucks, for example, have double-wall construction, which gives bodies and cabs more strength. Cabs are insulated against heat, cold and noise. A big part of road shock, which shortens truck life, is damped out by Chevrolet's suspension system; it also makes riding in the truck a pleasure. Pickup bodies and cabs are separated to eliminate stress between them.

Value such as this has induced more people to invest in Chevrolet trucks every year since 1937.

This can be a good time to buy a modern new Chevrolet truck

Late summer traditionally is the season for all-around savings on a new Chevrolet truck... selection is still good... deliveries are prompt... and Chevrolet dealers are doubly anxious to put you into a new vehicle in order to make way for next year's models. Coupled with the efficient performance a new Chevrolet truck will give you, it seems evident that you couldn't buy at a better time.

Come in and take full advantage of it!

## CANYON BUSINESS REVIEW and BUYER'S GUIDE

Wayne Wirt Electric invites you to come in and talk over any electrical problems you

may be having.

Wirt Electric has a long standing record for quick dependable service. Wayne bought the

shop from his father Lorenzo Wirt in 1954. Since then he and his wife Barbara have serviced local homes, stores, and the

city. Barbara and Wayne were married in 1945 and now have two children. Debbi is 14 years old and Vince is 9.

Wayne is an electrical contractor and handles a growing business in refrigeration service. Wayne not only has maintenance for the city of Canyon but he works for cities throughout the Panhandle area.

He works on the electrical controls for various cities' water works equipment.

Office hours for Wirt Electric are from 8:30 a.m. to 5:30 p.m.

"Wayne is really on 24 hour call," Mrs. Wirt explained.

If you need some electrical adjustments made just call OL5-2521 or drop by 1615 4th Ave. and check with Wayne Wirt.

He will be able to handle any of your electrical or refrigeration needs with speedy and efficient service.

If your freezing units have not been inspected recently or you have an electrical problem that you have been putting off correcting, Wayne Wirt Electric can remedy your problems. With one phone call service will be on its way to you.
